River Road 151 Paving Base Readied by Unique Machine

Asphalt base for paving of the Great River Road around the western edge of Granite City was being applied this week as construction workers sought to speed up a work schedule already two weeks behind because of several rainy periods last month.

Work on the paving base is under way at the northern end of the 3.5-mile stretch of highway near Pontoon road, and will extend southward to Niedringhaus avenue. Workers have been installing curbing and guttering along Niedringhaus avenue near the Army Depot entrance where Niedringhaus has been widened as an approach to the River Road.

The asphalt paving base is being applied with an "Auto-Grader" which spreads, levels and grades the base mixture to exact thickness and grade requirements. The work was begun early this week north of Pontoon road.

Grading work continues along the entire highway stretch to prepare for continuation of the base application. Concrete paving will be applied on top of the base.

The Sangamo Construction Co. of Springfield, Ill., holds the contract for the work and has said the project is due for completion by early fall next year, although the paving is expected to be completed and opened to traffic in July. These target dates, however, are subject to change depending upon weather conditions.

Simmons, Nonn in Open Break Over Demo Support

An open political break between Walter T. "Buck" Simmons, chairman of the Madison County Democratic Central Committee, and Walter F. Nonn, Granite City 3rd Ward alderman and Democratic committeeman of Precinct 28, developed in the local campaign arena today over Nonn's reported support—or lack of it—for certain candidates in the Nov. 5 general election.

The dispute, which also involves allocation of precinct campaign funds distributed on behalf of the regular Democratic ticket, dates back to early last June just before the primary election when Nonn was reported to be campaigning in opposition to incumbent State's Attorney Leon Scroggins and incumbent Circuit Clerk Willard "Baruch" Portell, both candidates on the "regular" Democratic ticket endorsed by the Granite City and the County Democratic central committees.

Since then the controversy has resulted in two major Democratic meetings—one of them a session of the executive committee of the county central committee—over the question of whether Nonn is to receive any portion of campaign funds for work in his precinct for Democratic candidates on the national, state and local tickets in the approaching Nov. 5 election.

Called on Nonn Simmons said yesterday that when he learned that Nonn did not plan to back Scroggins and Portell in the primary last June, he called on Nonn to discuss the matter and received a promise from Nonn that he would back the full Democratic ticket.

"When the time came to mail out checks for precinct campaign work before the primary, I took Nonn's check to him personally and asked him about reports that he would not support the ticket," Simmons said.

Madison Schools In Full Operation; Attendance Good

Madison schools operated normally this week with no difficulties reported since the end of the strike Monday by the Madison Federation of Teachers, according to Raymond Dragich, superintendent. Enrollments at the six schools operated in the district were about the same as those projected last August before the start of the fall term when 3038 regular students and 38 special education students were expected.

Projected enrollments were 740 at the high school, 270 at the junior high school, 597 at the Madison Central elementary school, 569 at Dunbar school and 460 at Blair school. There had been some speculation by school authorities that some of the pupils had enrolled in private and parochial schools during the long shutdown which began Aug. 26, but Dragich said that apparently about all had awaited the opening of the public schools.

Many were in classrooms last week as the board of education reopened the schools without a contract settlement, with full attendance except at Dunbar and Blair schools where nearly all of the children stayed home.

Meanwhile, a temporary injunction limiting and regulating pickets posted at the schools last week was dismissed Monday in Madison circuit court at Edwardsville.

The utility is proceeding immediately with the work, with the easement lease contract to be executed later.

Mayor Maers reported that the federal district court at Springfield presented a ruling favoring the city in a suit filed by trucking companies seeking a refund of tolls for use of the old Chain of Rocks Bridge in past years.

"He said an appeal is expected, but that Judge Orton Poes advised the truckers that the law was clear and that an appeal would be a waste of time."

Building Inspectors Pete Skundrich and Joseph Kula reported they are surveying real estate in the city to locate dilapidated structures.

Short Ballot Deadline Under this phase of the election law, persons who have moved into the state and do not qualify as fully registered voters under residential requirements may cast a vote for President and Vice-President.

Miss Hotz said that in addition to the approaching registration deadline, voters who

have moved into the state and the county in less than the specified time permitting them to register as voters for all of the Nov. 5 general election will have until Saturday noon to cast the so-called "short ballot" for President and Vice-President. These ballots may be cast only in the county clerk's office.

Election Dec. 7 on Buildings, School Tax

Schools Named Bond Attorney; 2 Related Studies to Be Started

The Granite City school board last night decided to hold a special election Saturday, Dec. 7, on increasing the education tax rate limit by 40 cents and authorizing \$4,750,000 in bonds to build three schools and expand Coolidge Junior high school and Granite City high school.

William Schooley of Granite City was appointed as bond attorney and Chapman & Cutler of Chicago as the firm to coordinate competitive sale of the bonds if they are approved by voters. The two contract awards are subject to agreement on fees and conditions.

Proposed are:

1. A \$2,433,500 junior high school at Maryville road and Route 203.

2. A \$800,000 elementary school on a 12-acre site on Old Alton road north of West Pontoon road in the Norwood subdivision area.

3. A \$978,000 elementary school on the 65-acre junior high school tract at Maryville road and Route 203.

4. Coolidge and GCHS additions costing \$305,230.

5. Sanitation disposal facilities costing \$55,000.

Inde Fees, Equipment The phases listed total \$4,749,730. Included in the estimates are present construction costs, full payment for the junior high site currently being purchased, contingency funds, architectural fees and equipment.

Present unused bonding capacity of the community unit school district is \$1,250,000.

The decision is linked to plans to designate Coolidge Junior high school as part of a new school. The combined facilities are to accommodate all ninth grade students as well as the present CHS classes, tenth, eleventh and twelfth.

The board last night also decided, within 120 days, which would be by Jan. 30 to implement two recommendations made by Leo Konzen and Jon Mullen, co-chairmen of a citizens' committee which has studied school needs.

They are as follows:

1. Repeal legislation concerning accumulation of funds for school construction.

2. Repeal legislation concerning accumulation of funds for new buildings.

GC Must Cut To Seven Wards Before Nov. 5

Steelworkers at GC Steel Co. to Vote on Contract

Approximately 3000 steelworkers—members of USWA Locally 16, 67 and 68 at the Granite City Steel Co. mill—will vote in two special meetings Sunday on acceptance of a new three-year contract offer.

Union members said meetings have been scheduled for union members at 10 a.m. and 6 p.m. at the Labor Temple, 2014 State street.

The contract offer was made Monday afternoon in negotiations at the Granite City Steel Co. offices in Granite City between company representatives and a United Steelworkers of America committee headed by Thomas Griffin, subdistrict USWA director.

At the same time Griffin and John R. Hundley, vice-president of industrial relations for the company, issued a joint statement announcing extension of the old contract until a final decision is reached in Sunday's voting.

The old contract expired at midnight Monday.

While neither company nor union representatives would discuss terms of the contract proposal, it reportedly encompasses the basic contract package developed by Big Steel in nationwide contract settlements last August.

New contracts were ratified last week by USWA members employed at both Laclede Steel Company's Madison plant and American Steel Foundries in Granite City. Those contracts included wage increases of 12 cents per hour for 1969 and 12 cents each for 1969 and 1970 as determined by the basic steel contract terms.

Court Says It Will Redistrict City If Council Fails to Act

Granite City has an insufficient population to justify eight assembly wards under Illinois law and must be restricted into seven wards immediately, Associate Circuit Judge J. R. Streep III ruled at Edwardsville yesterday.

Judge Streep set Nov. 5 as the deadline for redistricting action by the Granite City council. If the council fails to do so by that date, he said in his ruling, the wards will be restricted by the court.

The ruling was made in a mandamus proceeding filed by Alderman Richard Fry of the Sixth Ward to force city council action on the issue which had been determined by a previous circuit court ruling early in 1967, but on which the council has taken no progressive action.

Judge Streep's ruling said that other legal problems confronting the city council in connection with next year's municipal election in which, under previous circumstances, the voters would elect a mayor and eight aldermen.

Have Other Problems Instead, the council is confronted with petitions for a referendum on a proposal to cut the council membership in half under a state law authorizing such a reduction by approval of the voters, and a recently approved amendment to the municipal code which requires council members to file for the office of mayor in the event more than two candidates file for the mayor's office.

Several council members are preparing to challenge the petitions calling the referendum for reducing the council membership. The primary election requirement is under study by aldermen representing not only Granite City but other municipalities of the area, as well.

Streep said in his order that Granite City "must proceed without delay to redistrict into seven wards in compliance with the one-man, one-vote rule."

The ruling followed arguments before Streep in Edwardsville yesterday by Attorney William Kinn, representing Fry, and Richard Allen, city attorney. Testimony in the previous mandamus proceeding was incorporated into Fry's ruling. Fry said only additional evidence submitted during the arguments was certification of the 1960 U. S. census figure of 40,735 as the population of Granite City.

Clerk Preparing Service Service of the mandamus order was being prepared by city clerk's office yesterday. The order will be served on Fry, Donald Partney, City Clerk Homer "Cal" Pendleton and the 16 aldermen who make up the council membership.

Fry has been pressing for action on the redistricting into seven wards for the past three months. Although the city council had named a redistricting committee made up of one of the two aldermen from each of the city's eight wards, there have been no meetings of the committee during the last three months, primarily because a

Easter Seal Society Elects New Officers

The annual dinner of the Easter Seal Society of Southwestern Illinois was held at the Flaming Pit in Edwardsville Monday evening, with an election of officers and board members. Guest speaker was the Easter Seal Society's state executive director, Thomas Shrewsbury of Springfield.

The 1968-69 officers are — Ralph Baahman, D.D.S., Alton, president; Charles Schroeder, Edwardsville, first vice president; John Meliot, Rosewood Heights, second vice president; Miss Helen Allen, Alton, secretary; and Howard Ostot, Alton, treasurer.

Eight board members were elected from the surrounding area with four local residents retained from the previous year. The Quad-Cityans are Robert Moske, Charles Thuber, Dr. George Wilkins Jr. and Mrs. Ralph Wilson.

Mrs. John T. Roach of Alton, retiring president, was presented with a silver tray for her services to the Society for the past three years.

Miss Marie M. Ropp, executive director of the Society, announced services offered during the past fiscal year, Sept. 1, 1967, through Aug. 31, 1968. They included 199 cases in speech therapy, children and adults; 17 in occupational therapy both children and adults; 22 in three pre-schools. Centers for the above services are located in Granite City, Alton, Belleville, O'Fallon and Edwardsville.

Other services include two-week day camps located at Monticello College, Godfrey, and at Highland, referral services, equipment loan with no cost to individual, speaker services, slides and leaflets upon request.

In addition, plans are being made to provide a summer day camp in Belleville to give homebound speech therapy for post stroke clients, and to extend speech therapy services to nursing homes during the coming year.

Top industrial, civic, governmental and banking officials will attend the reception and then go to the fair to view activities there at 7:30 p.m.

Carl E. Mathias, service area manager of Illinois Power Co. in Granite City, is president of the council, and vice-presidents are Dr. M. W. Grimm, Victor Drexelius, George T. Wilkins and Howard W. Kassberg. Albert H. Froemming is treasurer, William Shindel is commissioner and Eugene Coe is scout executive.

Lt. Col. David V. Fox, deputy commanding officer of the Granite City Army Depot, is general chairman of the 1968 Scout Fair.

A hearing on a petition for contempt citations under an injunction issued against striking steelworkers at the Madison plant of Dow Chemical Co. is scheduled in circuit court at Edwardsville tomorrow, but no date has yet been set for hearing charges of unfair labor practices filed by the union with the National Labor Relations Board, it was reported today.

Joseph Soline, NLRB representative handling the case filed by United Steelworkers of America Local 4804, said yesterday that the case still is under investigation and a hearing date before an NLRB field examiner is yet undetermined.

The strike of 700 steelworkers at the Dow plant went into its 34th day today. No negotiation sessions are scheduled and it was indicated none will be held until after disposition of the contempt case tomorrow.

Pleas for contempt citations were filed last week by attorneys for the company, alleging violations of the terms of an injunction issued in circuit court Sept. 18 and directed against the union. The contempt petition cites three specific instances of alleged violations of the injunction terms which limited the number of pickets at Dow plant entrances and prohibited violence by union members in connection with the strike.

The steelworkers are striking in a dispute over seniority provisions and job security clauses in a new contract.

Gov. Shapiro today announced the appointment of a Governor's Committee on Criminal Justice and designated the committee as the state planning agency for the omnibus Crime Control and Safe Streets Act of 1968 and the Juvenile Delinquency Preven-

tion and Control Act of 1968.

Invited to serve as a member of the committee was Leon Scroggins, Madison County state attorney. James B. Esteban, assistant to the governor since January 1966, was named executive director of the committee on recommendation of the original committee on criminal justice created in 1966.

The responsibility of the committee is to coordinate and develop a comprehensive state-wide law enforcement and juvenile delinquency plan; to define, develop and coordinate projects of the state and units of local government to establish priorities for areas of improvement in the state's criminal justice system and juvenile delinquency programs; to administer the funds awarded to the state under federal acts.

Funeral services were held at 10 a.m. Wednesday, for Mary Hahn, two-day-old daughter of Mr. and Mrs. Frank (Margaret) Hahn of 2216 Alexander street. The child died at 6 a.m. Tuesday at Christian Welfare Hospital, Premature Center, East St. Louis.

Survivors besides the parents, include a sister, Margaret Hahn, five years old; and grandparents, Mr. and Mrs. Frank Murphy and Mr. and Mrs. Joe Whitt both of Granite City.

Area's Traffic Accident Rate Declines

Parents Without Partners Week Being Observed

Gov. Samuel Shapiro has proclaimed this week to be Parents Without Partners Week in Illinois.

The organization is an international, non-profit, non-sectarian, educational group devoted to the interest of single parents and their children. David Braswell, counselor and teacher of psychology and sociology at SIU and Belleville Area College, will speak at the next meeting of the PWP Chapter 91 at 8 p.m. Oct. 14 at the VFW in Collinsville. Further information may be obtained by calling 397-3868 or 233-8899.

Do your duty—it's easier than explaining why you didn't.

A total of 127 persons were injured and one person was killed in 195 traffic accidents which occurred in the Quad-City area during September, according to statistics compiled by the Press-Record in cooperation with city, county and state authorities.

The totals showed a decrease from September of last year when 153 persons were injured and three were killed in 199 accidents, but the number of accidents, injuries and fatalities for the year remained higher. During the first nine months this year, 1048 persons were injured and 28 were killed in 1723 accidents, while for the same period last year 1036 were hurt and 16 were killed in 1524 mishaps.

There were fewer injuries in September than in August when 143 persons were hurt and two persons were killed in 194 accidents.

The daily average during September was 6.5 accidents, compared to 6.6 for the same month last year, while the daily average so far this year is 6.2, compared to 5.6 for the first nine months last year.

A breakdown of the accident statistics for 1968, giving the number of accidents, injuries and deaths in that order by months follows, with comparable figures for 1967 listed in parentheses.

January, 253, 131 and 1 (170, 89 and 1); February, 169, 98 and 3 (143, 57 and 2); March, 176, 81 and 5 (177, 90 and 2).

April, 155, 106 and 3 (181, 114 and 1); May, 217, 128 and two (199, 154 and 4); June, 202, 142 and 9 (191, 130 and 1); July, 162, 94 and 2 (193, 130 and 1); August, 194, 143 and two (171, 119 and 1); and September, 152, 127 and 1 (199, 153 and 3).

Niedringhaus Church Holds Teacher Dinner

The annual Teacher Appreciation dinner for Niedringhaus United Methodist Church was held in the church's Wesley Hall Tuesday evening. This annual banquet, honoring the teachers and workers in the educational program of the church, is sponsored by the Commission on Education. Mrs. Glenn Wolfe is this year's chairman of the Commission.

The invocation was delivered by James I. Williams, Jr., church school superintendent and the dinner was served by the Women's Society of Christian Service.

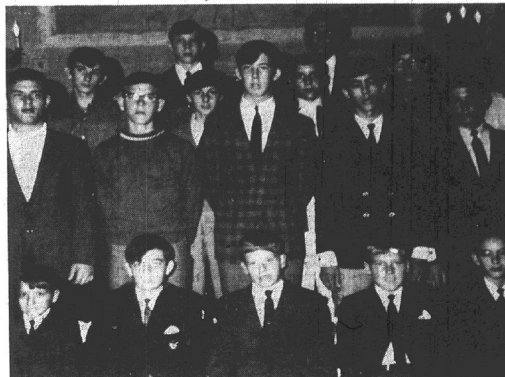

Following the dinner, words of welcome and appreciation were extended by Mrs. Wolfe and by Rev. Dean Blackburn, associate minister. A program of choral music was presented by the Madrigal Singers from the Granite City high school under the direction of Warren G. Simkins.

Rev. R. Paul Sims, minister, presented Dr. Eric N. Rackham, president of McKendree College, Lebanon, who gave the evening's address. Dr. Rackham assumed the presidency of McKendree College in July after several years at Kent University in Ohio.

The benediction was delivered by Dr. Clyde R. Funkhouser, vice-president of McKendree College, and formerly District Superintendent of the East St. Louis District of The United Methodist Church.

Mrs. Rackham and Mrs. Funkhouser accompanied their husbands.

Men Faces Four Charges

16 DEMOLAYS INITIATED at the William C. Hinkle Memorial Class are, left to right, first row—Paul R. Jungels, Edward F. Meyer, Lance S. Kennerly, William T. Christopher and Paul D. Miles; second row—Leslie O. Noe, Billy Mih, Michael S. LeBlanc, Denny E. Gary and J. Kevin Thornberry; third row—Philip Frizzell, Gerald M. Lackey, Terry Bernaix, John R. Morris and Bruce Henry; and back row—David Schillinger and Deneen Hinkle, father of William Hinkle.

16 Youths Initiated in DeMolay Memorial Class

Sixteen youths were initiated into the Granite City chapter, Order of DeMolay, as members of the William C. Hinkle Memorial Class Tuesday night at the Masonic Temple.

The initiatory degree was conferred by chapter officers with Charles Hileman, master counselor, in charge as the last official act of his term. The new members are Paul R. Jungels, Edward F. Meyer, Lance S. Kennerly, William T. Christopher, Paul D. Miles, Leslie O. Noe, Billy Mih, Michael S. LeBlanc, Denny E. Gary, J. Kevin Thornberry, Philip Frizzell, Gerald M. Lackey, Terry Bernaix, John R. Morris, Bruce Henry and David Schillinger.

Hinkle was an active DeMolay. He served as a private first class in the Marine Corps in Vietnam when he was killed in November 1967. He was the son of Mr. and Mrs. Deneen L. Hinkle, Rural Route One, and

has two brothers, Charles and Danny, who became DeMolays in 1968. Another brother, Iolyn, currently is serving with the Marines in Vietnam. His father attended the ceremonies.

L. Keith Damer, master counselor-elect, conducted the business meeting and announced that newly-appointed senior and junior officers with elected officers will be installed in a public ceremony at 7:30 p.m. Oct. 15 at the Masonic Temple.

Cindy Todoroff, DeMolay queen, and members of Bethel 43 of Jobs Daughters have been asked to assist in the ceremonies. A dance is planned following the installation.

Damer outlined plans for DeMolay to assist at the Masonic Temple Association amagosa-bord to be held at the temple from 11 a.m. to 7 p.m. Oct. 27. The meeting was preceded by a pot luck for members, candidates and their families.

186 Have Signed for 3rd Annual Ozark Tour

A special one-day excursion into the scenic Flat River region of Missouri's central Ozark country will be sponsored on Sunday, Oct. 13, by the Granite City park district. A total of 186 reservations already have been accepted, leaving only 35 vacancies, Harold Brown, park superintendent noted today.

This fall, the tour will take excursionists south on U.S. Highway 61 to Ste. Genevieve, Mo., along Route 32 to Flat River, Mo., where Sunday dinner will be served at midday at Rosens Lodge, a widely-known Ozark restaurant.

The tourists will travel along Route 8 to Highway 21 at Potosi, Mo., continuing on Route 21 to Washington State Park and arriving back in Granite City about 6 p.m. Rest stops will be taken at Ste. Genevieve and the state park, Brown said.

Cost per person will be \$5.25, including round-trip transportation and a smorgasbord meal at noon. Tips and taxes are included in the \$5.25 charge, the park official commented. Reservations will be made by calling the Wilson Park office at 877-3059.

As a convenience to senior citizens residing at the Anchorage and Kirkpatrick Homes, passengers may board buses at both housing projects shortly before 8:30 a.m. the day of the trip. The remaining tourists will board the five buses at the Wilson Park ice rink parking area, between 8:30 and 8:45 a.m., Brown said.

Park District Plans 14 Pro Hockey Trips

Enthusiastic response to Granite City park district's first venture into organized trips to St. Louis Hockey Blues games last year has prompted a 14-game trip schedule being booked for the 1968-69 season, Harold Brown, Granite City park superintendent announced today.

"We expect several trips to be sold out early in the season, as many fans already have indicated interest in attending games, specifically those against Montreal, Chicago, Boston, New York, Toronto and Minnesota," the park official said.

"This year, the park district is limited to 45 tickets per game, so local residents wishing to attend specific contests are urged to reserve seats as early as possible. Brown added. About 500 persons participated in the hockey trip series last season, including playoff games through which the Blues emerged first place winners in the NHL Western Division.

Local fans will benefit from a \$1 reduction in ticket price, the park official noted. Total cost for each game, including round-trip transportation to the St. Louis Arena, will be \$2.50 per person.

Patrons will board buses at 6:30 p.m. on the date of each trip at the Wilson Park pavilion parking area, where private autos may be parked. Reservations will be accepted on a first-come, first-served basis by calling the Wilson Park office at 877-3059, Brown said.

Trips are scheduled for: Saturday, Oct. 12—Los Angeles (opening game); Saturday, Oct. 19—Oakland; Saturday, Nov. 2—Minnesota; Saturday, Nov. 23—Chicago; Saturday, Nov. 30—Philadelphia; Saturday, Dec. 7—Pittsburgh; Saturday, Dec. 21—New York.

Saturday, Jan. 4—Detroit; Thursday, Jan. 25—Toronto; Thursday, Feb. 6—Boston; Saturday, Feb. 9—Montreal; Saturday, March 8—Oakland; Saturday, March 15—Detroit; Saturday, March 22—Pittsburgh (final game prior to playoffs).

Two Workshops Planned On Family Life, Sex

Two workshops on "Implementing Family Life and Sex Education programs in Public and Non-public Schools" will be held Oct. 22 at the Sunset Hill Holiday Inn and on Nov. 20 at a place to be designated.

The programs will be held for curriculum personnel, teachers, administrators, members of boards of education, physicians, ministers and representatives of professional organizations in Madison county. The dinner meetings will be held from 6 to 9:30 p.m.

Members of the planning committee include Owen Thompson, curriculum coordinator for the Granite City school district; John L. Palsch, administrative assistant for the Madison school district; Wilbur Trimpe, county superintendent of schools; and Harold Briggs, assistant county superintendent of schools.

Auto Stops, Struck
After stopping twice on Grand avenue at Niedringhaus avenue, the rear of an auto driven by Andrew Zimmer, 2113 Garfield avenue, was struck by another driven by Michael Burlingame, 1228 Edwardsville road, at 4:15 p.m. Tuesday.

REV. JACK FRICK
Evangelist

Revival Starts Sunday At Trinity Methodist

Revival services will be held each evening at 7:30 at Trinity United Methodist Church, East 25th and Henry streets, beginning Sunday and continuing through October 13.

The evangelist will be the Rev. Jack Frick, pastor of First United Methodist Church of Carmi, Ill. Rev. Frick has been preaching for 30 years and has held pastorate in Colorado, Indiana, Kentucky and Illinois. Many of his messages are prepared for today's youth. He served six years as a superintendent of schools, and two years as a basketball coach. He holds bachelor of science, bachelor of divinity and master of theology degrees.

Music for the revival will be under the direction of Mrs. Gilbert Roberf, chairman of the worship committee and choir director of the church. The public is invited to attend the series of meetings.

Law and Order Course Part B Starts Tuesday

The second series of a two-part course in Law and Order Training for Civil Defense Emergencies will begin at 7:30 p.m. Tuesday in the Civil Defense building, 1411 Nineteenth street, Victor H. Koenig, Granite City CD director announced today.

The advanced training will continue each Tuesday evening over the next several months, with auxiliary police officers, civil defense personnel and members of Almad Temple Guard expected to participate.

The initial 16-week segment concluded Aug. 25, with graduation ceremonies held for ten Provost Guard personnel. The men attended weekly classes in law and order procedures and also participated in a weapons course. Auxiliary Police Chief John Becker will serve as coordinator for Part B. Koenig said.

Mrs. Scannell, 71, Dies at Nursing Home

Mrs. Loretta M. Scannell, 71, of Rural Route 1, died at 8:30 a.m. Wednesday at the Madison County Nursing Home in Edwardsville where she had been a patient for two months.

A lifelong resident of this area, she was born in Mitchell, Ill., and was a member of St. Elizabeth Roman Catholic Church. She had been employed at one time as a grocery store clerk.

Preceded in death by her husband, Dennis Scannell, on Jan. 18, 1953, she is survived by one sister, Mrs. May Hawks of Mitchell and a niece, Mrs. Robert (Marianne) Gobbie of Edwardsville.

Arrangements are given in today's obituary column.

Madison Man Injured In Vacation Accident

Charles Arthur White, 2043 Beckwith street, Madison, was admitted to St. Elizabeth's hospital early Wednesday upon returning by plane from Albuquerque, N. M., with injuries sustained in an auto accident on Sept. 23.

The former chief custodian at Madison High school suffered a leg injury.

He and his wife, who were accompanied by her son-in-law and daughter, Mr. and Mrs. Clifford Biermann of St. Louis county, were enroute to Mexico on a vacation trip at the time of the mishap near Albuquerque.

The other three suffered bruises but escaping serious injury. White and his wife, former head cook at Harris school, retired three years ago.

MORE ABOUT GC Must

quorum never was available for a meeting. The redistricting committee is headed by Paul Rutledge, Fourth Ward Alderman. Other members of the committee include William Dallas, 1st Ward; Edmond Barotsnik, 2nd Ward; Roy Poulos, 3rd Ward; Steve Sastarich, 5th Ward; Fry, 6th Ward; R. E. Robertson, 7th Ward; and Ford Johnson, 8th Ward.

First challenge of the legality of the city's present districting into eight wards was filed by Floyd Miller of Granite City on Jan. 30, 1967.

Population a Question

It was based on sections of the Illinois Municipal Code providing that census not exceed 10,000 population shall have 14 aldermen, with two additional aldermen for each 20,000 inhabitants over 30,000.

This brought up the question of the city's legal population figure which was set by the 1960 U. S. census at 40,072. A special census conducted by the city in 1967 set the figure at 39,868. In any case, Judge Strever subsequently ruled that the city did not have the 30,000 population that would have been required for 16 aldermen and that the city must restrict to seven wards prior to the 1969 municipal election to be held in April next year.

The Granite City council established the present eight wards in December, 1955 following a U. S. government special census in March that year, fixing the city's population at 34,189.

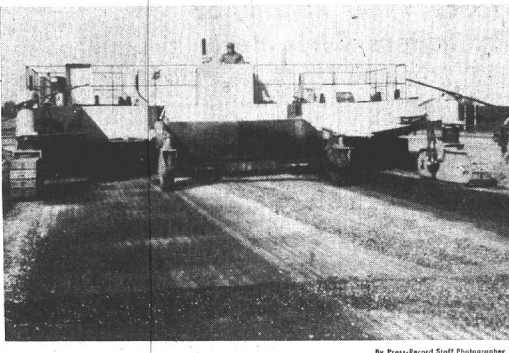

As a result, Granite City has operated under the past 12 years with 16 aldermen at a cost of \$900 per year for each alderman, plus an additional \$30 per month expense allowance for most aldermen.

Have 30 Days

City Atty. Allen pointed out yesterday that the circuit court ruling gives the city council 30 days in which to effect the redistricting into seven wards, with a population as nearly as possible the same in each ward. He said he is unaware if any plan has yet been worked out by council members.

He noted that four council meetings will be held before the court's deadline date. Allen noted that under any plan of redistricting, incumbent aldermen continue to serve until the expiration of their terms. This presents the possibility of a council membership of 15 aldermen next year. If the number of wards were reduced to seven, only that number of aldermen would be elected in 1969. There are eight months, however, until terms do not expire until 1971.

The actual number of aldermen on the council after next year's municipal election also hangs on the outcome of a move to conduct a referendum

on the proposal to reduce the council membership.

Petitions bearing 1800 signatures, with a minimum of 1500 signatures required, have been filed with the city clerk's office by a group of citizens who based their action on a state statute providing that only one alderman shall be elected wards of cities having a population of more than 30,000, if the electorate so decides by referendum vote.

Aldermen Challenge Petitions

The petitions have been filed by most aldermen and an effort to disqualify the plea for a special election is certain to be made. Should such a proposal pass, the council membership presumably could be reduced to seven.

Possibility of a primary election in connection with next year's municipal balloting has resulted from a 1965 amendment to the Municipal Code which requires a primary election for mayoralty candidates in any instance in which more than two candidates file for the mayor's post.

The primary would be for nomination of two candidates who would run against one another in the regular election which is held in April. Municipal primaries usually are held in February, a factor which could advance the city election filing periods into early January, or possibly late December. The code amendment requiring the primary election would be approved in 1965, only a few months after the 1965 Granite City municipal election in which there were six candidates for mayor. No primary was required that year.

City Clean Air Board To Meet on Oct. 14

A regular meeting of the Granite City Air Pollution Control Board will be held on Monday, Oct. 14, at 7:30 p.m. in the city hall, it was announced today by Henry Bieniecki, chairman.

Bieniecki said the board will continue its review of emission reduction plans and complaints received at the city hall office. The commissioners also plan to discuss rescheduling a public hearing that has been postponed to award a report on new federal clean air standards.

Marquis Childs to Speak Oct. 9 at SIU-SW Campus

Marquis W. Childs, well-known political columnist, will speak at Southern Illinois University-Southwestern campus Wednesday, Oct. 9, at 2:30 p.m. in the St. Clair Room of the University Center.

Considered one of the ablest and most experienced of what has been called the "hard core" of the Washington press corps, Childs will discuss "Men and Issues." His talk is open to the public without charge.

on the recent legislation does not allow reliance on that program.

"We recommend that every endeavor be made to encourage the state government to adopt enabling legislation to clearly authorize the accumulation of funds for construction of new buildings, if approved by public referendum, thereby eliminating one of the greatest wastes of taxpayer dollars, which is the interest paid to private concerns for the construction of public buildings."

New Educational Concepts

"2. At the present time, throughout the United States, both private and public groups are searching for new concepts to enhance the educational programs at the most economical cost."

"This study is also being conducted by the board of education of this district and resulted in the programs referred to."

"We recommend that this effort be increased in priority and that the study by this district be made in conjunction with similar action by the state superintendent, Madison county superintendent of schools, and other local districts."

Diversified Study Group

"We also recommend that the study group be supported and served by educators, industrialists, professional and business men, union leaders and home owners."

Konzen and Mullen conferred briefly with the school board last night before it acted on their report, which was submitted Sept. 25. The board approved not only their four-page analysis but also an eight-page review by Supt. Bob J. Davis, who was unable to be present due to a severe cold.

Assistant Supt. Frank Kraus said the Dec. 7 date will provide enough time to prepare for the referendum. A timetable of steps to be taken will be considered at the Oct. 14 board meeting, along with proposed campaign committees.

All seven board members were present and the votes were unanimous on all recommendations. Little discussion took place, the board having kept posted on some phases of the study while it was in progress.

The comment by Supt. Davis noted that the district is faced with a continuing growth problem, not only at the present time but also for a prolonged period.

Past Construction

"The district has endeavored to keep pace with this problem. "Since 1933, this community has built three junior highs, six elementary schools, a cafeteria and classroom facility at the senior high, two additions in 1937, one addition in 1938, two additions in 1959, three additions in 1961, one addition in 1962, two additions in 1963, four additions in 1964, two additions in 1965, eight additions and improvements in 1966, one in 1967 and one in 1968.

"With all of this, we are currently continuing four room additions at area churches, and have also changed boundary lines to equalize loads and to use each building more effectively.

"We are now at a point where we must again seek the public's authority to build more buildings."

"The Southwestern Illinois Metropolitan Area Planning Commission has projected that by 1985 we will be educating 23,660 pupils in our regular day programs. According to their projections, the senior high will virtually double in enrollment by 1967."

He said an Old Alton grade school would "relieve pressure at Mitchell, Namecki and Maryville. In turn, Mitchell could relieve some pressure from the Stallings and Parkview areas, which are growing rapidly."

Regarding the education fund, Supt. Davis said that "salary increments, additional staff, increased need for equipment and supplies and the rising cost of fuel and transportation items" have resulted in scheduled expenses exceeding the present \$2.15 education fund rate limit by 16 cents during the present school year.

950 Strike at GC Steel Blast Furnace Dept.

More than 950 members of Chemical Workers International Union Local 59 were on strike at the blast furnace department of Granite City Steel Co. today as the result of deadlocked negotiations over union wage demands.

The strike moved into its third day today, with no further contract talks scheduled. Further negotiations will be arranged by the U.S. Mediation and Conciliation Service, it was reported.

The union members walked off their jobs at 12:01 a.m. Tuesday following a strike vote in two meetings held by the union in the Labor Temple Monday morning and evening.

Picket lines were set up outside the plant gates on Highway 162, but pickets permitted construction workers employed in repair of the company's two blast furnaces to enter the plant to work on the repair jobs.

One incident in which pickets were said to have denied admission of a truck to the plant was reported Tuesday by William Cecil "Bud" Phelps, president of Local 59, said he knew nothing of such an occurrence.

Phelps said negotiations with the company broke off early Monday morning. He said the deadlock involves the union's wage demands, but declined to discuss details of the union's request.

The strike came at a time when many members of the union were laid off their jobs because the plant's two blast furnaces have been out of operation since early last month.

structures which do not meet city ordinance standards.

It was reported that so far three buildings have been condemned—at 1013, 1939 and 1939 (rear) Second street. Nine owners have agreed to repair their buildings to meet city standards, it was reported.

The inspectors will survey the entire city within the next six months to seek out houses, garages and sheds in need of repairs.

They reported favorable co-operation from property owners so far, and the mayor said that "we don't want to raise the hardship on the people. Most appreciate the service."

The council authorized a \$1996 contract with the Harder Contracting Co. of St. Louis to raze the toll house on the Missouri side of the old Chain of Rocks Bridge in conjunction with expansion of the Metropolitan Sewer district there. The district is to tear down part of the building to expand its sewer system.

Juvenile Course

William Fahning, youth officer, was authorized to attend a 10-week police course on juveniles to be held until Dec. 11 by Southern Illinois University's Southwestern campus and the Illinois Youth Commission.

The fee is \$25, and classes will be conducted during evenings. The council passed a motion expressing appreciation to the Madison board of education, school administration and teachers for their work in reaching an "equitable contract agreement." The mayor commented that "all did a yeoman's job."

The next meeting will be held Oct. 16, a day later than the regularly scheduled session, as the annual convention of the Illinois Municipal League at Peoria.

Venice High Harriers Begin '68 Competition

The Venice public school system, which has decided not to have a baseball program this fall, instead is experimenting with cross-country competition and Red Devil Harriers went to Bunker Hill Tuesday afternoon for their first meet.

It was primarily a practice run, and Coach Bill Ohlendorf said, "We didn't even bother to keep score, we just so bad."

"This is the first time we have tried this sport, but we do have several boys participating who, after we get more experi-

ence, may be pretty fair runners."

Ohlendorf said that about 30 boys are on the team and that three dates for meets are being announced, including an inter-meet at Bunker Hill at 4 p.m. today, the Bunker Hill invitational at 4 p.m. next Monday and a Venice invitational run on Oct. 10.

Coach Ohlendorf said that basketball practice will begin at Venice high on Oct. 15, about the usual starting time for the winter sport at the school.

Horse Show Sunday at Trailriders Club Here

Competition is expected to be fast and furious as the Trailriders Saddle club of Granite City holds its annual horse show starting at noon Sunday at the club's horse ring. Rock road and Slough road, about a mile west of the West Granite fire station.

Various different events are planned, including barrel racing, Apaloosa horses, flag races, men's and ladies' pleasure horses, and palominos.

A large number of entries is expected from a wide area of Illinois and Missouri, with numerous prizes due to be awarded.

David Morgan is president of the club and William Kincaid is chairman of the horse show committee.

The public is being urged to attend. Admission will be 50 cents for adults and 25 cents for youngsters aged 10 and under.

A concession stand will be operated on the club grounds for the convenience of those attending.

Activities are expected to last four or five hours.

Warrior Sophomores Use Interceptions to Topple Kahoks 33-7

The Granite City high school sophomore football team won its second game in three starts Monday evening by defeating Collinsville at the GCHS field, 33-7.

Earlier, the young Warriors defeated Staunton 34-6 before losing to Belleville West 20-6.

Coach Tom Wyrostek said, "It is a policy that every boy who dresses for the game gets to play ample time. Each player now has at least one complete game of experience."

"Those doing well at present include: defensively Steve Stagner and Tom Mitchell; safety Don Harris, linebackers Dennis Kunneman, Jeff Jackson and Jeff Metzler, and ends Mike DeKunz and Eric Stanger and Lester Pitman."

"Our defense specialty clubs have been headed by three who like especially to hit hard—Steve Hillman, Dan Melton and Dale Miner. Other effective specialists include Jerry Petrillo, Bob Tarpeff and Bob Knezevich."

On the offensive team, Wyrostek cited Center Ken Hall, Guard Ken Simon, Guard Charles Thomas, who has filled in for Dave Hordesty since he was hurt in the second game, Tackle Rick Moore, Mark Misker and Mike Johnson, and Ends Mike DeKunz, Kim Gauen and John Ireland.

In the Collinsville game, GCHS scored 13 points in the first quarter, 14 in the second, quarter and six in the third quarter. The Kahoks scored in the third quarter.

Ken Yardley scored on a one-yard run, Dennis Kunneman on a 78-yard pass interception, Jeff Jackson on an 88-yard intercepted pass, Jeff Metzler on a three-yard run set up by a 60-yard run by Yardley and Ned Tapp on a five-yard run that followed a 36-yard run by Yardley.

The sophomores will take their 2-1 record to Alton Monday for a 4 p.m. game.

Cougar Soccer Rally Produces 3-2 Win

The Cougars of SIU-SW came from behind Tuesday to down Eastern Illinois 3-2 in a soccer match at Charleston.

John Dermowki put the Cougars ahead 14 minutes deep in the fourth quarter. John Caranza had evened the score at 2-2 with his second goal of the game after eight minutes of play in the third period. Eastern scored once in the first and another in the second period.

For the Cougars, it was their second consecutive victory in regular season competition.

For SIU-SW Coach Bob Gueller, it was his hundredth victory in ten seasons of college coaching. Gueller's teams have lost only 13 games and tied four during that time.

SIU-SW meets Washington University at 1 p.m. Saturday in St. Louis.

Lybarger Starring On Unbeaten Eleven

Jerry Lybarger of Granite City, a linebacker on the Northeast Missouri State College football team at Kirksville, was singled out for praise this week by Coach Marvin Bradburn, whose Bulldogs have a 2-0 record.

Kirksville upset Parsons College 14-3 in its opener and rallied to edge Kansas State of Pittsburg 19-15. It will play Lincoln University at Jefferson City at 1:30 p.m. this Saturday.

A returning letterman, Lybarger is a 20-year-old junior. He weighs 190 pounds and is five feet, ten inches tall.

MHS Entering Loop Cross-Country Meet

The Madison high school Trojan cross-country team, although it has 30 boys practicing at the present time, will only take part in one meet this year because of a delay in starting practice runs.

Bob Page, the team head coach, said, "Because of our late start we will be ready for our first meet and that will be at Belk Park in Roxana at 4:30 p.m. Oct. 16—the Midwest Conference meet."

Each team will be limited to seven entries in the league meet.

Cross-Country Team Defeated at Cahokia

The Granite City high school cross-country team lost to Cahokia Tuesday evening at the Cahokia field 5-21 and also dropped the junior varsity run in a 1-14 loss.

Varsity runners were Ricky Rose, in 12:30, Mike Allen in 12:35, Dan Harris in 12:35, Gene Briggs in 12:54 and Steve Harris in 13:09.

Charles Thomas, who has filled in for Dave Hordesty since he was hurt in the second game, Tackle Rick Moore, Mark Misker and Mike Johnson, and Ends Mike DeKunz, Kim Gauen and John Ireland.

In the Collinsville game, GCHS scored 13 points in the first quarter, 14 in the second, quarter and six in the third quarter. The Kahoks scored in the third quarter.

Ken Yardley scored on a one-yard run, Dennis Kunneman on a 78-yard pass interception, Jeff Jackson on an 88-yard intercepted pass, Jeff Metzler on a three-yard run set up by a 60-yard run by Yardley and Ned Tapp on a five-yard run that followed a 36-yard run by Yardley.

The sophomores will take their 2-1 record to Alton Monday for a 4 p.m. game.

Sophomore Football Squad Ready at MHS

There will be sophomore football at Madison high school this season, reports Coach Emmett Timmings. "We got a late start because of the teachers' strike, but we are now ready to begin competition."

The sophomore team has 30 players in uniform and they will play a seven-game schedule, including:

Oct. 7—Triad here, 7 p.m.
Oct. 14—at Mater Del (Bresse), 7 p.m.
Oct. 17—Macouhatch here, 7 p.m.
Oct. 28—Duplo, 7 p.m.
Nov. 8—at Roxana, 7 p.m.

Two game dates with Bethalto and Highland have not been decided, after being postponed earlier.

SIU-SW to Buy Fire Truck for Edwardsville

In return for fire protection for the Southern Illinois University-Southwestern campus, the university plans to buy the city of Edwardsville a new fire truck and pay the city an annual fee of \$4 for full-time student for SIU-SW rolls.

Cost of the new truck is estimated at \$45,000 and it will be stationed in Edwardsville's new fire house now under construction. The Madison police division. The arrangement will save the city the cost of equipping a new fire station.

William Hodge of the SIU-SW business services offices said the University plans some day to build a fire station on the campus, but that its \$4-per-student arrangement with Edwardsville will continue as long as the city wants it. Hodge said that when the University fire station is built, Edwardsville city forces would man it.

Fence, Parking Lot Work at Kirkpatrick

Granite City Housing Authority commissioners decided at a monthly meeting Tuesday night to seek bids at their Nov. 12 meeting on a fence to separate Namek road from Kirkpatrick homes and on grading and asphalt paving of the authority's new parking lot at Palmer avenue and Namek road.

The fence is planned to protect children who play in the narrow area between the sidewalk and the four-lane highway, where traffic is heavy. It will follow the curb line.

The proximity problem was illustrated by an incident in which a large tractor-trailer passed the housing project while occupying a correct position in the outer lane. Its exterior mirror projected out far enough to strike and break a "no vehicle standing or parking" sign, it was noted.

The parking lot specifications may be drawn up to enable crushed rock to be installed this month, the asphalt toping delayed until spring to assure winter wear.

Vice-Chairman Frank Fuszery presided. Chairman Ernest E. Vehl Jr. is to return next week from an overseas trip.

Jaycees Begin Campaign To Enroll New Members

Delivery of playground equipment costing \$1058 is expected tomorrow at the new recreational area on Poplar street being financed and constructed by the Granite City Jaycee organization with proceeds from various club projects.

Arrival of playground apparatus was announced by Donald Bowles, Jaycees grounds committee chairman, at a regular meeting of the club last night. Thirty-four guests were invited from the Belleville Jaycees attended.

Bowles said that installation of the equipment will start early next week. He pointed out that a concrete patio recently was poured and a shelter facility erected last week at the playground site, an area adjacent to the Jaycee clubhouse on the 1800 block of Poplar street.

Future plans call for club members to construct barbecue pits and landscape the recreational area, which will be open to the public, the chairman noted.

Members approved several new projects. Wednesday's meeting and chairmen were appointed by Richard Dawley, Jaycee president.

Projects and chairmen, include: "Bowling Sweepstakes"—Stanley Noel; St. Elizabeth Hospital Christmas party—Stanley Brown; and Uniform committee project—Bill Hayes.

Bob Bischoff announced a "politan area will participate in a program, starting at 9 a.m. Saturday, Oct. 12, in the Namek Village shopping center parking area, and Jim Jeffries, immediate past president of the chapter, said the club will distribute more than 1000 hot dogs from a hospitality booth, to be sponsored in conjunction with the Illinois Jaycees state board meeting set for Oct. 25, in Belleville.

At the state meeting, Granite City Jaycees will introduce a new project, "State Sports Jambores" in the local community.

Ernest H. Abbott, 59, Dies in St. Louis

Ernest H. Abbott, 59, of 2108 Delmar avenue, died at 3 a.m. Wednesday in Jewish Hospital, St. Louis. He had been ill the past two years and was hospitalized three weeks.

A life-long resident of the Quad-Cities, Mr. Abbott was born in Venice. He had retired two years ago as a carpenter. His wife, Mrs. Irene Abbott, died in 1960.

Survivors include a daughter, Mrs. Joe (Mary) Rummel, of Chicago, Ill.; two brothers, Arlie Abbott of Bend and Jay Abbott of Kinross, N.C.; and a sister, Mrs. Virgil (Opal) Holman of Granite City.

Funeral arrangements are given in today's obituary column.

Miss Ruby Warnhoff, 33, Dies; Former Resident

Miss Ruby Ann Warnhoff, 33, of Rural Route Three, Box 36, Edwardsville, a former local resident, died yesterday at the United States School, Lincoln, Ill. She had resided at the school the past 25 years.

A native of Granite City, Miss Warnhoff is survived by a sister, Mrs. William (Edna Mae) Sharp of Edwardsville, and a brother, Charles Warnhoff of Santa Clara, Cal.

Funeral arrangements are listed in the obituary column.

Burglars Active, Safe Looted in Quad-City Crimes

A thief looted an office safe of \$250, a group of men tapped a car wash lot for \$33 and burglars broke into a local warehouse in a series of crimes reported to Quad-City authorities Tuesday.

The money was stolen, one of which was stripped of all removable parts. David Van Horn, assistant director of the placement services at the new campus, said this will present an opportunity for both undergraduates and graduates to talk with a variety of employers. He added that incoming residents of the area who hold college degrees are welcome to attend.

Two Girls Hit by Car Given Treatment Here

Two Collinsville girls were injured when they were struck by an auto driven by Louis R. Glosick of Collinsville while walking on California avenue near Olive street in Collinsville at 7:30 p.m. Wednesday. Glosick said he was blinded by lights of an oncoming car and was unable to stop in time.

Debbie Feichtinger, 15, was admitted to St. Elizabeth's hospital following x-rays to the skull and treatment for a two-inch hematoma to the scalp. Eva Guadagnoli, 17, was treated here for abrasions and contusions to the right elbow and was released.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

Dove season has not been spectacular in any respect.

Although I seem to find plenty of doves, they seem to be scattered and not really grouping up as yet. I have even seen some with young in the nest yet. Except for opening day in the northeast part of the county I don't believe there has been too many opportunities for hunters to fill the limit.

I know you hear stories every year about the two hunters who got 75 opening day, or the group that filled a tub full, but I am of the opinion that you have to cut these stories in half and then maybe half again.

The normal average of six shells per dove just makes dove hunting sound much more furious than other types. I have, however, made three arrests this dove season, including one involving a juvenile shooting doves from a vehicle from wires along the road. This involves something that I had not thought about before and something that every hunter under 21 should strongly consider.

A hunting or fishing arrest with regard to Firearms Owners Identification registration and conviction under the hunting or fishing laws constitutes a misdemeanor, according to the court personnel that I have contacted.

The new gun owner registration law clearly states that a person under 21 who has been found guilty of a misdemeanor cannot register, or if convicted of a misdemeanor after he has registered could have his registration revoked.

We in the conservation department are not connected with, nor charged with the handling or enforcement of the law, but a conviction under the law becomes a matter of court records.

This then should be brought to the attention of juvenile hunters so that it would encourage even closer observance of game and fish laws.

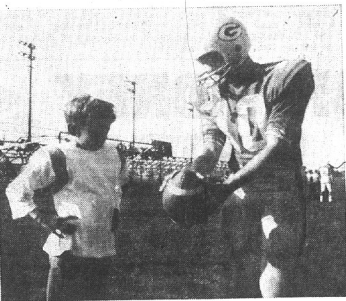

The set fine on most hunting violations runs from a minimum of \$25 to a maximum of \$300, but a fine of this size is secondary in punishment it would seem, than the possibility of not being able to use a gun until you reach 21, especially if the juvenile is one who enjoys hunting a great deal.

As I stated, we have no connection whatsoever with the new law and you do not need to have a registration card to get a hunting license, but a violation could cause a problem in your ability to get a registration card and your chance to legally carry a gun.

The 1968 hunting digests have now arrived and have been distributed to places in the county that sell licenses. Drop in and pick one up. The digest on waterfowl and the large display cards on all seasons are not yet available, but I expect to have them in several weeks.

Squirrel hunting has picked up with the rains and cooler weather, and although not everyone is getting the limit, most are killing some and hunters who know the right trees, are filling out. You almost have to waste a part of one day, or one trip scouting a whole day, or then go back the second day to really hunt. Unless you know the timber or are extremely lucky, it is hard to walk into a timber the first time and do much.

Remember you can hunt quail and rabbits during dove season this year, if you wear orange hat and coat. Don't be caught out without them.

200 Boys Attend Football Clinic with GCHS Squad

Fifth and sixth grade boys from seven Granite City schools learned the techniques of football drills from high school varsity squaders in a clinic arranged by the coaching staff and elementary physical education instructors.

During the recent clinic, about 200 boys from Emerson, Frohardt, McKinley, Maryville, Stallings, Parview and Wilson schools, who are in football programs at their schools, were in attendance.

In presenting the clinic, high school head football coach Jim Morrison told the youngsters, "At Granite City we try to teach football in such a way that every boy on the squad knows that his job is as important as the next. We want him to take pride in doing his job well."

The mini-size footballers watched the varsity Warriors hold a full-scale practice from start to finish.

The GCHS squad was dressed in game uniforms and led the way by running a lap around the track and then going into calisthenics, before starting team practice sessions.

When members of the senior high squad formed into specialty groups, their youthful admirers were able to join the groups and move from position to position, actually participating in each drill.

The youngsters took turns working in quarterback pitch-outs, receiving passes, punting, punt returns and kicking field goals.

Transportation to and from the clinic was provided by teachers and parents, and it is planned for a similar session to be conducted next year.

An air of enthusiasm was noted for the initial clinic as the smaller boys watched the varsity squad perform and actually joined the ranks to exercise the drills.

Sesqui Theme For Sorority

Sesquicentennial flags, huge plastic Lincoln pennies and decals of the State of Illinois decorated the home of Judy Whitaker, 3276 Kilmer drive, when 12 members of Alpha Xi Chapter of Epsilon Sigma Alpha sorority entertained seven guests at a covered dish dinner Tuesday evening.

Colorful red and blue decor adorned the tables featuring red and white roses encircled with blue tapers. The members and guests wore costumes in keeping with the 150th anniversary of Illinois now being celebrated. Among the appointments were handmade ceramic ash trays on which were painted violets, the state flower. The evening was devoted to the making of Christmas wreaths which will be sold by the chapter as one of its projects.

The proceeds will be used to further philanthropic work of the group. Miss Betty Busch received the special award.

Garden Club

Add Member

Mrs. Marceline Jung was hostess to the Garden Study Club Wednesday at her home, 3204 Aubrey avenue.

The business session was conducted by the president, Mrs. Arthur Roman, following the club Collect by the group.

A guest, Mrs. Robert Blankenship, was introduced by Mrs. George Stearns and was later enrolled as a member.

Mrs. C. E. Eads gave the program on "growth and care of chrysanthemums" and a plant and "white elephant" sale was conducted.

Others present were Mrs. John Lehman, Mrs. Bonard Maples, Mrs. Clifford Mang, Mrs. Delbert McKissick and Mrs. August Theis.

The next meeting is to be held Nov. 6 at the Grand Cafe with Mrs. Toby Anderson as hostess. The program will deal with dried flowers.

Events Planned By Senior Group

A business meeting of the Anchorage Senior Citizens was held Wednesday at the recreation hall with 50 members attending.

Mrs. Garvin Butler, president, was in charge and plans were made for a number of events with her during the month. On Oct. 7 the Salvation Army will entertain; Oct. 16, there will be a pot luck dinner at the hall; Oct. 23, the birthday celebration will be held and on Oct. 25 the Business and Professional Women's Club will entertain.

Prizes at Wednesday's meeting were won by Julius Graf, Mrs. Tena Neumreiter, John Frangoulis, Henry Fabian, Mrs. Anna Easley, Mrs. Mary Meashi, Mrs. Georgia Butler and Mrs. Pearl Kinsley.

RETURN FROM SOUTH

Mr. and Mrs. William L. Rhoades and daughter, Hazel, 2919 Madison avenue, are at home again after a vacation in the south. They visited Mr. and Mrs. Willard Abner near Vicksburg, Miss., a brother and sister-in-law of Mrs. Rhoades, and spent some time at the HemiFair in San Antonio, Tex. Visits were also made to New Orleans, La., and places in Florida. Enroute home they were guests of Mr. and Mrs. LeRoy Dodge in Carbondale, Ill.

Simmons, Nonn

Support Scroggins or Portell," Simmons related.

"I told him that I believed he should not accept the precinct campaign money unless he intended to support all of the candidates who contributed to the fund that made precinct campaign contributions possible," Simmons related. He refused to disclose the amount of Nonn's precinct allotment.

"Nonn told me then that he would support Scroggins and Portell. As a result I gave him the allocation for his precinct (No. 29)," the Democratic chairman said.

Marked Against Scroggins
Simmons charged that Nonn, instead of supporting Scroggins and Portell, distributed ballots marked for Wendell Durr, Edwardsville attorney opposing Scroggins for the state's attorney nomination. He said the ballots also were not marked for Portell and were not marked for any of the state candidates. Portell had no opposition in the Democratic primary.

During the past month, Simmons claims, he has received consistent reports that Nonn is supporting Independent Presidential Candidate George Wallace.

Nonn was unavailable for comment yesterday and today. Simmons said that on Sept. 16 a meeting of all county Democratic officeholders and candidates on the Nov. 5 ballot was

held and that they voted to withhold any campaign funds from Nonn's precinct for work in the Nov. 5 campaign.

Executive Board Met

A week later, on Sept. 23, Simmons said he called a meeting of the executive board of the county committee after he heard further reports that Nonn did not plan to support Scroggins and Portell in the Nov. 5 election.

The committee approved a resolution providing that Simmons and William Warfield, chairman of the Granite City Democratic Central Committee, meet with Nonn in an attempt to resolve the problem. The resolution, Simmons confirmed, also provided that Nonn, in any event, is not to receive a precinct allocation prior to the night before election.

Simmons related that Warfield called upon Nonn and that Nonn told the city chairman that he would support Scroggins and Portell, but that he would not meet with Simmons unless Simmons came to his house. Warfield said he had no comment on any part of the controversy.

Delay in Some Conservator Reports Studied

Circuit Judge James O. Monroe Jr. on Tuesday asked for an investigation of conservator reporting in the circuit court probate division, meanwhile noting that no complaints are on file and urging the public not to confuse a "harmless irregularity" with a "tragic loss." He said he knows of no financial losses.

Monroe, who recently became presiding judge in the probate division, said he has submitted eight questions to Circuit Clerk Willard Portell, Madison County Bar Association President James Harrison and State's Attorney Leon Scroggins.

The questions ask whether conservators without excuse have failed to file timely or proper reports, whether the report requirement is mandatory, whether any incompetent person, claimant or relative has been harmed by a lack of reporting, whether present laws and rules are adequate, and whether any action against conservators or their lawyers is recommended.

Monroe said any complaints should be formalized, and that they would be promptly set for hearing. He disagreed with inferences in an *Alton* newspaper article, and said that under him and previous judges there were few probate complaints and dis-

position: was prompt and orderly.

Private Civil Matters
The judge added that "the conduct and affairs of conservators are usually matters between them and the attorney; the incompetent, his family and his creditors. These are generally private civil matters."

"The state may have an interest, usually in taxes or in reimbursement for care in a state hospital. The court, or the clerk, may have an interest in taxes or in court costs, usually trivial and routine. The court, as an institution serving the public, of course has an interest in prompt, orderly and just disposition of any claims, contests or other disputes."

"The court's responsibility is generally limited to checking and approving or disapproving actions of parties and litigants and to deciding contested cases. It must therefore be impartial, and should generally not take a prosecuting or investigatory initiative which might impair that impartiality."

National President of B&PW To Speak in Area Oct. 13

Hope Roberts, president of the National Federation of Business and Professional Women's Clubs, will be guest speaker at the annual fall meeting of Illinois District XI to be held Sunday, Oct. 13, at SIU-SW campus. Members of the Edwardsville B&PW Club will act as hostesses.

Other clubs in the District include Granite City, Alton, Cahokia, Collinsville, East St. Louis, Fairview-Edgemoor, Belleville, Jerseyville, Marissa and O'Fallon.

Catherine Burton of Collinsville, chairman of the district,

will preside at a meeting to begin at 1:30 p.m. with dinner in the Meridian Room of the University Center. Special guests will be John Rendenleam, chancellor of SIU-SW campus and the credo, "A portion of your life belongs to the community."

The national B&PW president, it is pointed out, has shaped her life and career by the credo, "A portion of your life belongs to the community."

An independent businesswoman and homemaker, and civic leader she operated the Roberts House, a residential hotel located in Reno, Nev. Her husband is a pharmacist with the Washoe Medical Center.

Annual Meeting Of ICPT Is Set

District 29, Illinois Congress of Parents and Teachers will hold the 33rd annual conference at the Grafton school on Thursday, Oct. 10, beginning at 4 p.m. with a dinner and evening session to follow.

The afternoon session will feature Mrs. Thomas Uragami, pre-school chairman, ICPT, who will present the topic, "The Importance of the Pre-School Years." A former Japanese language instructor at the University of Colorado, University of Minnesota and Northwestern University, she now teaches a class of business men for a private concern.

Mrs. V. J. Brazier, president of the ICPT, will speak at the evening session on the subject, "The View from the Top." Elected in 1968 she formerly served as first vice-president, secretary and vice-president of education, ICPT, and as Director of District 29. She was also president of the East Alton PTA unit, chairman of many PTA committees and formerly a member of the East Alton-Wood River Community high school board of education and president of the board.

Dr. Cameron Meredith from SIU-SW campus also will participate in the conference and regularly conducts parent education workshops in the area.

Originals Hold Costume Party

Mrs. Janet Kunick, 2608 Stratford lane, entertained her birthday club, The Originals, with a costume Halloween party Tuesday evening.

The luncheon table was decorated with witches, goblins, and pumpkins.

A scavenger hunt was held, with members seeking to find new articles to help fill ditty bags for the American Red Cross program aiding servicemen in Vietnam.

Prizes for costumes were awarded to Mrs. Doris Berna, most original; Mrs. Jo Marie Bywater, funniest; Mrs. Marlene Painter, cutest; and Mrs. Athalia Bugg and Mrs. Betty Corcoran, tied for most morbid costumes.

Games were played, Mrs. Bywater winning for "best spook story." Mrs. Fay Varday won a guessing game.

A chicken dinner was served to the above and Mrs. Wilma Spurlock and a special guest, Mrs. Mary Lou Monroe.

Plans were made to attend a theatre in St. Louis in place of the November meeting.

BASHFUL SPANKY, an alert, but not unfriendly Iguana, temporarily housed in the kindergarten room at Mitchell school, creates an interesting diversion for youngsters and their teacher, Mrs. Beulah Mull. The reptile which measures 27 inches from nose (right arrow) to tail-tip (left arrow), frequently inclines its head in response to calls of "Spanky."

Mitchell Kindergarten Pet Iguana 'Spanky' To Become Attraction at St. Louis Zoo

By VALERIE EVENEDEN

Their mothers would never believe it, but the afternoon kindergarten class at Mitchell grade school sat absolutely motionless for five minutes, while their prize possession, a pet Iguana — was scrutinized most carefully by a group of large sixth grade pupils.

The Mitchell kindergarten's pet Iguana, nicknamed "Spanky," is housed in a 30x18x24-inch cage, appropriately enclosed by fine wire netting to keep inquisitive fingers away. Although, the reptile has been frequently handled by the children of its former owner without making any attempt to bite, Spanky's residence at the school is destined to be short-lived, however, as the reptile has been accepted by the St. Louis Zoo and probably will be turned over to Zoo authorities tomorrow, Mrs. Beulah Mull, Mitchell kindergarten teacher said Tuesday.

During its brief stay, the brilliantly-colored chartreuse-green creature has attracted special visits by many students to the kindergarten classroom. On Tuesday afternoon, the younger children remained quiet, watching and proud as the older pupils filed slowly by the cage, gazing with interest at the Iguana, regarded by authorities as the only living species of a prehistoric age.

Now 27 Inches Long
Mrs. Mull explained that the 27-inch-long reptile formerly belonged to Mr. and Mrs. Edward Boner of Meadow Lane subdivision, whose five-year-old son, Mark, attends morning kindergarten class at Mitchell school.

The Iguana was purchased about eight months ago at an East Alton store by the youngster's father, but, after failing to eat for several weeks, was given to the child's grandmother, Mrs. Lorene Boner of Kaseberg Lane.

Mrs. Boner induced the reptile to eat and the creature became friendly, climbing about the furniture and over the woman's arms. Recently, Mrs. Boner underwent surgery and decided she could no longer care for Spanky.

Boner said his six-year-old daughter, Robin, carried the Iguana around the house and yard, and "played with it like a toy." "She loved him, but when he would not eat, I was told by experts we would probably have to force-feed him to get him started, that's when my mother agreed to look after him."

Life-Span 200 Years
The creature apparently is very young, as a full-grown Iguana can grow to lengths of 35 and 40 feet," Boner explained. He pointed out that this may take quite a little time, as the reptile's life-span averages

FAMILY PET. Robin Boner, six-year-old daughter of Mr. and Mrs. Edward Boner, Rural Route 20, former owners of the Iguana, shows no fear of Spanky which she carried around the house and garden like a toy.

He recently inspected another Iguana, which was between 45 and 50-years-old and measured only four feet. "So they are very slow growing and must be kept in warm surroundings to remain healthy," he added.

Boner noted that the reptile has shed its skin on three occasions since he purchased it. "It is a process similar to a snake. He turns a dirty grey color, then sheds the outer layer and becomes a beautiful bright green," he explained.

He also discovered that the Iguana consumes food only every other day or so. "It is not unusual for them to go without food sometimes for a

month," he added. He kept the reptile in the garage, where it was cooler, which may account for the frequent shedding, Boner has since learned.

Member Lizard Family
The Iguana, a member of the lizard family, is vegetarian, and some reach remarkable lengths. Their tails are long and compressed and permit the reptile to stun its enemies with severe blows.

The creatures are native to tropical areas of Central and South America, where they live in trees and are highly regarded by many as an esteemed food delicacy. They usually repose along tree branches and are captured by natives who loop a noose over the reptile's head as it naps.

A high crest, made of separate spines, is an outstanding feature on the head, neck and back and a similar row of spines occur beneath the chin, presenting a bearded effect as the creature ages. It also is related to the Horned Toad or a Basilisk.

Arrangements with Zoo
Mrs. Mull, whose son, Howard, completed arrangements with St. Louis zoo officials to take the reptile, already appears to be attached to Spanky. She and her husband picked up the creature from Mrs. Boner on Monday evening and the teacher constructed its cage herself.

The Iguana has lettuce leaves, apples and water in its temporary home and ate quite well after the children left the school building Tuesday afternoon, Mrs. Mull explained. He also seems to like bananas and avidly consumed several pieces of the fruit early Wednesday morning, she noted.

At least 27 five-year-old youngsters will be sorry to see their temporary pet leave for his new home at the Zoo tomorrow, the teacher said, and things may never be quite the same in the Mitchell kindergarten class.

Strike Ends at Edison Tool with New Contract

A strike at Edison Tool & Die Co., 21st street and Edison avenue, came to an end this week with the return of 20 employees on Tuesday.

The duration of the strike was one week as a settlement on a new contract was reached Monday during negotiations between Machinists International Association of District Nine, representing the employees, and the Metro-St. Louis Joint Bargaining Association of 17 shops, including the Edison firm.

The dispute involved wages and fringe benefits. Contract terms were not disclosed. Other machine shops in the area reached independent agreements previously.

Former Resident Is Hospitalized

Kendall Bernaux of Poplar Bluff, Mo., formerly of Granite City, is recovering at Do hospital in Poplar Bluff from surgery.

The operation was performed Monday.

Auto Battery Stolen

James Powers, Hazelwood, Mo., reported at 9:10 p.m. Tuesday that a 12-volt battery valued at \$20 was stolen from his 1964 auto while it was parked on the lot at General Steel Industries after 3 p.m.

A good many people waste their time asking questions they don't want answered.

Trades Council Endorses Demos At All Levels

All Democratic candidates on national, state and local tickets were endorsed last night by the Tri-Cities Trades and Labor Council in a regular meeting attended by 36 of the council's 59 delegates.

In addition, council delegates endorsed the candidacy of State Rep. Ralph T. Smith, Alton Republican and Speaker of the Illinois House. Smith, a former Granite Cityan, and the two Democratic legislative candidates of the 55th Representative district, Leland J. Kennedy of Alton and Horace Calvo of Granite City, were elected by virtue of the primary balloting in June, since the voters nominate the same number of candidates that are to be elected.

The council endorsed incumbent Cong. Melvin Price (D-East St. Louis) for re-election, and endorsed the candidacy of Miss Fannie Jones, (D-East St. Louis) for election as clerk of the Illinois Supreme Court.

At the local level council delegates endorsed the candidacies of Willard "Butch" Portell for circuit clerk; James Chapman, recorder of deeds; Leon Scroggin, state's attorney; Leonard Davis, coroner, and John Kraynisk, auditor.

Discuss Parade Plans
The delegates also made arrangements to hear an explanation of the proposed new bond issue of more than \$4 million for Granite City School District, by Jon Mulhe, a teacher and co-chairman of the Citizens committee which recommended the new school building program, at the Trades Council's next meeting.

Edwin F. Reiske, secretary of the council, informed the council that the executive board is discussing plans for a Labor Day parade next September.

If held, the parade would be the first in ten years. Continued plans for the event will depend upon the participation by all locals associated with the council, Reiske said.

The council also heard a report on settlement of the Madison school strike by Bernard Long, president of Madison's AFT Local 785, a report on the strike at Dow Chemical Co. by Wade Campbell, president of

Red Cross Project

Ditty Bags to Vietnam Deadline is Oct. 15th

"Operation Shop Early" theme for the American Red Cross project of supplying "ditty bags" for local servicemen in Vietnam is in the final stages of the final mailing date of Oct. 15 drawing near.

Mrs. Ruby Overbeck, Red Cross executive, announced over 30 groups have made plans to participate in this Christmas project and some have already turned in the completed bags and have them filled with the

prescribed items. She urged all organizations to continue their efforts and make sure they are finished by the deadline to assure the servicemen receiving the packages in time for Christmas.

With the increased military personnel in Vietnam, the American Red Cross will provide a total of 650,000 filled ditty bags. The midwestern area portion is 205,000, a 30% increase over last year.

Tavern Owner Says Report was Erroneous

The proprietor of Big Ben's tavern, Jennie Huey, advised the Press-Record Tuesday that there was no robbery outside her tavern early last Saturday morning as was reported to police.

She said there was a man who appeared at the tavern shortly after it had closed, and he was denied entrance.

SIU-SW String Quartet To Play in Tennessee

The Lincoln Quartet, resident string ensemble at Southern Illinois University-Western campus, will appear Thursday, Oct. 17, at the University of Tennessee at Martin.

Founded in 1965, the group comprises John Kendall and Kent Perry, violin; Robert Schieber, viola; and Joseph Pival, cello. In addition to their teaching assignments at SIU, each year the Lincoln Quartet averages 40 concerts throughout Illinois and the St. Louis metropolitan area. Their appearance at Martin is part of an exchange program with other colleges and universities.

ARTS, CRAFTS TONIGHT FOR GIRL SCOUT LEADERS

The Neighborhood Three Service Team met at the home of the chairman, Mrs. Mary Lockhart, 2548 Cleveland blvd., Tuesday morning for a monthly session and to work on a "plan of action" for the coming school year.

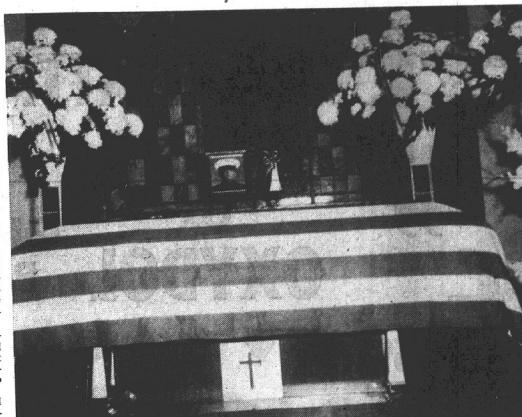

Mrs. Lockhart announced that at a regular meeting of Girl Scout leaders tonight at Marshall school, an arts and crafts show will be featured under the direction of Mrs. Jo Ann Jarrett.

A River Bluffs Council meeting and luncheon will be held Oct. 30 at the Lewis and Clark restaurant in East Alton. Reservations should be made to Mrs. Vivian Davis by Oct. 4.

A discussion was held and plans were made for a neighborhood-wide "festival of giving" Dec. 8. The time and place will be decided later.

The chairman gave a report on the success of a district campout held at Camp Lakota in September. She asked the consultants to contact leaders for an evaluation of the various types of camping offered during the summer months.

Refreshments were served by Mrs. Lockhart and Mrs. Mae Lee to those mentioned and Mrs. Jo Ann Dix, Mrs. Virginia Mariette, Mrs. Mary Fryntzko and Mrs. Doris Stotz.

theme with place mats and napkin holders made by the members. Each girl assisted with the preparation and serving in keeping with requirements of the hospitality badge.

A friendship circle was formed and the troop entertained with several scout songs, including "When E'er You Make a Promise."

Mrs. Lee announced that a tour of SIU-SW will be held Saturday, with a hike back to Poag. The parents will furnish transportation. A hayride will be held Oct. 28, followed by a Halloween party at the Tervasi home. Plans were made for a campout at Camp Keck Dec. 14-15.

The meeting adjourned with the scout leaders' prayer and singing of "Taps." Attending were Mrs. Louis Chapline and daughter, Mary Kay; Mrs. Charlene Cox and daughter, Enid; Mrs. Paula DePew and daughter, Tammy; Mrs. Pat Enring and daughters, Pam and Sharon; Mrs. Elizabeth Griffin and daughter, Carole; Carol Lee, Vickie Little, Miss Lydia Long, Donna Long, Mrs. Barbara Ma-

son and daughter, Debbie, Mrs. Maxine McGee and daughter, Anita, Mrs. Mary Beckland, Vickie Pulley, Leisa Tervasi, Mrs. Thomas and daughter, Angela, Mrs. Welty and daughters, Susan and Vickie, and Mrs. Marian York and daughter, Patty.

PLAN WEBSTER SPOOK CARNIVAL Oct. 18

Room mothers of the Webster PTA met at the school Tuesday evening to complete plans for a "spook carnival" which will be held Oct. 18.

Mrs. Mae Lee, vice-president, opened the meeting and gave introductions. A committee was chosen to be in charge of the carnival; those named were Don Seitzer, Mrs. Eva Arbo, Mrs. Carmen Grider and Mrs. Alene Moore.

There will be seven booths at this annual event—bake sale, grab bag, country store, fish pond, homemade candies, novelties and a new feature, "Mr. Spook." A fish fry will be held and there will be dancing in the gym.

Also on the agenda is a Hal-

loween poster contest. All classes will submit entries, and a first and second prize will be awarded to each room.

Coffee was served to 30.

EAGLES AUXILIARY STATE CONFERENCE

Several members of the Eagles Auxiliary of Aerie 1126 returned home Sunday evening from a "first state conference" held in Peoria during the weekend.

This event is a workshop for officers and other interested members of all the auxiliaries of Illinois. Following the instruction, a question-and-answer period was held. Mrs. Isabelle Vail, past grand president of Muskegon, Mich., presided over the program. The grand representative was Mrs. Vera Dailey.

Attending the conference from here were delegates, Mrs. Helen Lipchik, president, Mrs. Eleanor Hadley, secretary, Mrs. Frances Steinman, past state president, and Miss Sylvia Roy, Mrs. Florida Batson, Mrs. Marge Hall, Mrs. Delores Klesh and Mrs. Ann Donopka. They are all past presidents of the local Auxiliary.

Mrs. Lipchik announced that a program to honor the past presidents and the auxiliary anniversary party will be held at the hall Oct. 8 at the regular meeting time.

NATURE STUDY AT PARK
Brownie Troop 899, sponsored by the Webster PTA, met at the school for a weekly session Tuesday afternoon with the leaders, Mrs. Valara Schorhede and Mrs. Anita Moody.

A short business meeting was held with plans made for an invitational program for several of the new members. The girls will make place mats to be used at the ceremony.

The troop hiked to Wilson Park for a nature study and collected leaves and acorns. The Brownies viewed the flower garden and fish pond, and a recreational period was enjoyed in the play area. On the return trip, they stopped for refreshments.

Hikers were Pamela Allen, Susan Bunte, Marshell Clubb, Rebecca Grimes, Deedra Hanna, April Howell, Susan Prokopick, Sheri Lynn Roer, Kathy Rumpfelt, Becky Schorhede, Robyn Stark, Lori Ann Taylor, Rebecca Waltemate, and Helen and guests, Vickie, Patti, Steven and Jeff Moody.

AUXILIARY DELEGATES

The American Legion Auxiliary held its third annual "college" at the St. Nicholas Hotel, Springfield, Ill., through Sunday.

Attending the sessions from Venice-Madison Post 307 were Miss Dorothy Hinson, who is Illinois department junior activity chairman and also moderator for the junior activity workshop, and Mesdames Benajah Sizemore, Essella Bone, Ina Campbell, Helen Brown and Pearl Meyer.

14TH BIRTHDAY PARTY

Miss Kim Boelling celebrated her fourteenth birthday Sunday with a slumber party given by her father and grandmother, Peg Boelling and Mrs. Naomi Boelling, 618 Broadway.

Games were played and prizes were awarded.

The honoree was presented with a decorated cake and received many gifts.

Those present were Lee Ann Burgenner, Maria Bradley, Ramona Narvaez, Linda Duter, Joan Koelliker, Joan McGarran, Peggy Lee, Janet Davinroy and Chris Rump.

HABITS TOPIC OF CLUB

Mrs. Sissy Corrie was crowned queen of the week as members of the Venetian Tops club held a weekly meeting at the Venice library Monday evening.

Miss Evie Ritz, co-leader, called the meeting to order and members recited the Tops pledge and the pledge to the flag. Weights were taken, and prizes were given to those gaining.

A group therapy discussion was held and the topic was, "Ways of Breaking Eating Habits."

Mrs. Rosann Bergrader, newly elected chaplain, closed the meeting with prayer in which the members joined.

Mesdames Mary Fansler, Annette Ahrens, Virginia Cochran, Mary Ann Walsh, Lora Hollis, Eileen Robinson, Shirley Watkins and Lisa Bauer.

HOLY NAME FORMS SHIRINE COMMITTEE

St. Mark's Holy Name Society met Tuesday evening in the church basement. The meeting was called to order by the president, Lorraine Daniels, with prayer.

A Lady of Fatima Shrine committee was formed and a discussion was held by Milton Morris and Tom Maher on improvement of the shrine and surroundings.

Communion Sunday will be held Oct. 13 at the 9 o'clock Mass.

The meeting was closed with prayer. Refreshments were served to the above and Father Terry Shea, Jess Tawney, Lorraine Daniels, Al Pace, Dominic Scatturo, Bill Meahan, Bill Boeckel, John Schodroki, Tom Williams, Claude Bilbrey, Hank Szeila, Richard Patterson, John Koelliker, Bernard Duter, Larry Bilbrey, Bill McGarran and Fred Duter.

Fire at Simmons Home

Venice firemen were called at 10:30 p.m. yesterday to the home of Walter T. "Buck" Simmons, 1028 Third street, when a smoldering fire developed in a wall. Firemen reported the fire apparently was caused by hot lead that dripped into saw dust as workmen did a repair job earlier in the day.

Simmons, who is advertising manager for the McKinley Weber and guests, Vickie, Patti, Steven and Jeff Moody.

Blankenship to Head Chamber Of Commerce

Clifton E. Blankenship, safety and training director of the A. O. Smith Corp. and plant here, was elected as president of the Chamber of Commerce of the Tri-Cities for 1968-69 at a dinner meeting for directors Tuesday evening at the Rose Bowl.

Blankenship, who succeeds Howard W. Kaseberg as Chamber president, has been associated with the A. O. Smith firm since 1951. He has been with the Granite City plant since it was established 14½ years ago.

He and his wife, Mary, and a daughter reside at 2908 Clark avenue. They have a married daughter, and a son in the Navy.

Blankenship has been active on committees of the Chamber of Commerce and the Manufacturers Association, and in civil defense, scouting and "scuba" diving.

Terrell, Berger, Wilmseyer New vice-presidents of the Chamber for the year beginning Oct. 1 are Bill H. Terrell, 2419 Waterman avenue, operator of the B. H. Terrell Insurance Agency, and Ted Berger, 2121 Richmond avenue, executive of the Ben Schermer Ace Hardware Co.

New treasurer is Melvin C. Wilmseyer, 105 Riviera drive, executive vice-president of the First Granite City National Bank.

Retiring officers besides Kaseberg are Leo H. Kozzen and C. E. Townsend, vice-presidents, and Edwin G. Schmitt, treasurer.

Directors Begin Service Directors welcomed by Kase-

berg and seated for three-year terms were Berger, Terrell, Leo Wolf, Al Amlung, Wilmseyer, Fred Barr, Richard Branding, Warren Decatur, Dr. Felicia Koch, Carl E. Mathias, C. A. McMillan Jr., Ralph Morris and Irvin Slate Jr.

Another group of 13 directors has two years remaining, and a third group is beginning the final year of its three-year terms.

Terrell announced 81 new Chamber memberships from the annual one-day membership drive.

Randall Robertson, chairman of the annual dinner meeting, reviewed plans for the event, which will be held at 6:30 p.m. Monday, Oct. 21, at SIU-SW. Retiring State Rep. Lloyd C. Harris will be honored with a biographical presentation.

A local delegation is planned at the annual Illinois State Chamber of Commerce meeting Oct. 24-25 in Chicago.

It was noted by the industrial development committee that industrial prospects will be guests at a dinner Oct. 30.

The board approved distribution plans for a general brochure and a newcomers' brochure, both of which have been completed and printed.

Chamber members will receive copies, and the general brochure also will go to industries, schools, the hospital, doctors' offices and industrial development prospects. Each family moving into this community will be sent a new-customer booklet.

A resolution was adopted encouraging active support of the Tri-Cities United Fund campaign, and a moment of silence was observed in honor of the late William C. Brockus, a Chamber director.

Kozzen announced that the Chamber presented a medal and recognition certificate and the Granite City Optimist club presented a \$25 savings bond at Sept. 28 ceremonies honoring Robert Brammell, 15, of 2345 State street for his efforts this summer to extinguish the burning clothing of a 10-year-old Granite City boy who later died of the burns.

In assuming the presidency, Blankenship pledged diligent efforts and called for leadership and service by all Chamber members to help carry out community improvement projects.

Partney Attends Demo Luncheon in Chicago

Mayor Donald Partney Tuesday was among 25 mayors from various parts of the country who were guests at a luncheon session hosted in Chicago by Mayor Richard Daley. Partney said the meeting involved a general discussion of ideas to direct more campaign attention to the national Democratic ticket in the current general election campaign.

Partney said most mayors agreed that campaign organizations throughout the country are directing campaign activities more in behalf of local tickets than they are for candidates heading the national ticket.

Mayor A. J. Cervantes of St. Louis announced plans at the meeting for a "Democratic School" at the Park Plaza Saturday night. National political experts will discuss the principal issues of the campaign at national level.

VISIT IN MISSOURI

Mrs. Lillie Anderson and daughter, Judy, 2647 Circle drive, spent the weekend visiting in Missouri. They first went to Belle, Mo., and DeWayne Price accompanied them to the home of Mrs. Anderson's sister, Mrs. Pearl Bell and daughter, Betty of Salem, Mo.

They visited Mrs. Anderson's son and daughter-in-law, Mr. and Mrs. James Anderson of Dixon, Mo., and an uncle and aunt, Mr. and Mrs. Tom Robertson, 2643 Circle drive, who have been spending a few weeks at their farm in Dixon.

The Robertsons were honored with a party at the Kenner Community Center, in the form of a family reunion and farewell party. They returned to Granite City for the winter, with the Andersons.

The group stopped for a visit with Mrs. Anderson's brother and sister-in-law and the Robertsons' nephew and niece, Mr. and Mrs. Roy Bell of St. Clair, Mo.

The wedding. A bride doll was centered on the table.

The gift table had white, pink and yellow bows placed at random on the cloth, with small wedding bells suspended above the table. Suspended from the center of the hall was a large white wedding bell entwined in an array of pastel streamers.

Assisting Miss Yodis in opening her gifts was Miss Moran. Games followed and several prizes were awarded.

A buffet dinner was served. Those attending the shower were Mrs. Blanche Yodis, mother of the bride-elect, Miss Vicki Yodis, sister to the bride-to-be, Miss Pamela Hamelbrock of St. Louis, sister of the prospective groom, Mrs. Lee Ann Moran, Mrs. Elsie Habbo, Miss Linda Conway, Miss Maggie Ward, Miss Sandy Stringer, Miss Delores Acosta, and Miss Donna Licavali of Granite City.

Out-of-town guests included Mrs. Lisa Male Decker, Mrs. Estell Walsh, Mrs. Dorothy Snell and Mrs. Josephine Jewson, all of St. Louis, and Mrs. and Mr. Ralph Wolfe of New Athens, Mrs. Thelma Moran, Mrs. Pat Enstey and daughter, Donna Kay, and granddaughter, Theresa Lynn Hurley, Mrs. Virginia Perkins and daughter, Cindy, all of Alton, and Miss Kathy Bopp and Miss Janet Weimon of Cahokia.

Miss Yodis is to be married Nov. 16 to Feale Hamelbrock Jr., of Our Lady of Loretto Catholic Church, Spanish Lake, Mo.

MRS. FARRANCE IS SHOWER HONOREE

Mrs. Pat Cockrell, Mrs. Sarah Spiller and Mrs. Marilyn Galbraith honored Mrs. Velma Farrance with a cradle shower Sunday afternoon at Galbraith home, 1817 Spring avenue.

The gift table was centered with a miniature baby carriage. The luncheon table was decorated with pink and blue bows and streamers. A dessert luncheon was served.

Games were played, with prizes going to Mrs. Mildred Tassary, Mrs. Ann Kudella, Mrs. Ann Kee, Mrs. Doris Shaner, Mrs. Dorothy Kelley and Mrs. Rose Revelle.

Others attending were Mesdames Ada Kelley, Mae Prather, Ruth Hennes and daughter, Laurie, Helen Seegelmeyer, Carol Jean Ritchie, Betty Klein, Ruth Canner, Betty Carbaugh, Barbara Lallmont, Josephine Harper and the following out-of-town guests: Mrs. Sandy Mesey and daughter, Kym, Affton, Mo.; Mrs. Evelyn Dick and Mrs. Donna Valasco, Berkeley, Mo.; Rose Revelle and daughter, Sue, Glen Carbon, Mo.; Mrs. Georgia Compton, Collinsville and Mrs. Ann Kee, Edwardsville.

Mrs. Diak United with Brothers After 21 Years

After 21 years search, a Robertson family reunion took place in Tulsa, Okla. Left to right are—Pastor Jack Robertson of Tulsa, Mrs. Betty Diak of Granite City and Ted Robertson, also of Tulsa.

A "Fairy Tale" story concluded this week, as they all ways do, with a happy ending for Mrs. Betty Diak, who just returned this week from Tulsa, Okla., where she was united with her two half brothers, after a futile search of 21 years. Mrs. Diak had almost given up hope of ever finding the two brothers whom she had never met. She is the wife of Albert Diak, a member of the Granite City police department.

The brothers, Pastor Jack Robertson, who serves the Assembly of God Church, and Ted Robertson, who lives in Oklahoma, arrived in St. Louis on Aug. 26, on a business trip. Pastor Robertson made a telephone call to an uncle who lives in Granite City, as he usually did when in this area.

His uncle informed him he had a half-sister living here who had been searching for him. The pastor immediately came to Granite City for his first visit with Mrs. Diak and her family.

The Diaks have two children, a son, Richard, who is 16, and a daughter, Sheila, now 21. On his return to Tulsa, Pastor Robertson and his brother made arrangements for Mrs. Diak and her daughter to visit them and their families in Oklahoma.

Mrs. Diak said, "We intend to visit each other at least once a year, with no more long separations."

THWEATTS FILE \$24,500

Suit in Death of Son

A suit for \$24,500 has been filed for Mr. and Mrs. Terry Thweatt, Chouteau Slough road, against three area taverns in connection with the fatal shooting of their son, Terry Thweatt Jr., on Oct. 1, 1967.

Named as defendants in the complaint, filed this week in Madison county circuit court, are Frances Waugh Rushing, proprietor of the Little Dover Inn; Mildred Muzzarelli, operator of the Full Moon tavern, scene of the shooting, which has been destroyed by fire.

The Thweatts seek \$2500 for hospital and funeral expenses plus \$15,000. They claim that Thweatt, 30, of Granite City, who was charged with murder in the shooting outside the Full Moon tavern, had become intoxicated at the three taverns.

Wallace subsequently was found not guilty to a murder charge by a Madison county circuit court grand jury.

GOD-COUNTRY AWARD
Mr. and Mrs. Charles Klann, 4340 Highway 162, after the wedding dinner and reception Monday of their great niece, Miss Sandra Weidner, Bridgeport, who was married to David Jett of Riverview Gardens.

They were married at the Our Redeemer Lutheran Church, Overland, Mo. The reception was at Surrey Lane Hall in Riverview Gardens.

CUB PACK 10 WILL AID SERVICEMEN
Cub Pack 10 held its first fall meeting Monday evening at the Pontoon Beach Church of Christ. The meeting opened with a flag ceremony led by Donald McNew.

Lowry Sutherland led singing, assisted by Mrs. Betty McCaslin. The cub scouts brought some of the projects they had completed during the summer.

Michael LeBrun was welcomed into the pack and received his bobcat pin.

Plans were made to send ditty bags to aid servicemen in Vietnam. They are to be turned in by Oct. 15.

The cubs demonstrated different kinds of Indian wrestling. Refreshments were served to Scott Patterson, Dennis McCaslin, Donald McNew and Michael LeBrun.

Guests served refreshments were Mrs. Betty McCaslin, Mr. and Mrs. Rene LeBrun, daughter, Denise, David McCaslin, Mrs. Sarah Unterreiner, Mr. and Mrs. Don Patterson, Mr. and Mrs. Don McNew and daughter, Laurie Ann, and Lowry Sutherland.

Fall Color and Fertilizer
Have you seen sweet gum trees that didn't have a nice fall color?

If you own one, it may not be due to a rebellious tree. The season, and the fertilizer supply are especially important factors in developing fall color on many trees and shrubs.

Fall color is not related to early frosts. It seems related to cool soil temperatures and supply of fertilizer nutrients. A cool wet fall provides the gradual soil temperature drop related to beautiful fall leaf color. Or dry hot falls often result in poor color and sudden dropping of pale green or sickly yellow leaves before the color can develop.

But what about cool wet seasons when your tree doesn't get the water. When the leaves just stay green or develop a weak yellow. Here is where fertilizer often interferes. Well fertilized trees get an extra supply of nitrogen which interferes with normal development. It will make more growth than need by trees, and have better green color, but fall color will be poor. As these trees and shrubs get natural fall coloration will develop in spite of the fertilizer.

New Killer for Chickweed
Chickweed is the winter pest of bluegrass lawns as it thrives and spreads during the mild-winter months. By spring the yellow-green clumps near shrubs, walls, and in thin spots seem to take over and destroy the spring-time beauty.

New chemicals like Dicamba and MCPP are very effective in controlling chickweed at all stages of growth. When a manufacturer decided to combine Dicamba with 2,4-D to produce Banvel-D he got an extra bonus by controlling most broadleaf weeds too.

Weeds in Your Lawn
Fall weed control in lawns will promote bluegrass and avoid injury to gardens and shrubs.

Broadleaf weeds like dandelions, shepherds purse and curly dock are easily controlled with one application of 2,4-D. While warm fall weather promotes weed growth, amine

form will do a nice job of wiping out the large leafy plants as well as the tiny seedlings just starting.

When clover and ground ivy become pests on lawns, you can switch to a combination spray containing 2,4-D and Silvex. Neither 2,4-D or the combination should be used on new seedling. When nearby tomatoes and fall vegetables are thriving, cloth covers should be used to prevent weed killer drift and injury.

Warm weather is necessary for the germinating chickweed while the plants are small seedlings and provides the perfect combination for good fall control.

Fall fertilizer, cut cutting and rains quickly produce a tidal wave of bluegrass by which drows out any late starting chickweed and usually provides a weed free lawn.

ABRAHAM LINCOLN in a rare smiling pose contained in a portrait hanging in a Southern Illinois University-Southwestern library at Alton being examined by John Abbott, director of libraries. The picture is one of only two in which the Civil War president was shown smiling. Both were painted by Alban Jasper Conant.

ible pose served to accentuate the deep, repellent lines of his face, giving it an expression easily mistaken for coarseness that well accorded with the prevalent disparagement of his character.

Attractive Expression
"But as he talked animatedly, I saw a totally different countenance, and I admitted to myself that his frequent smile was peculiarly attractive. I determined to secure that expression for my portrait."

No other artist or photographer was successful in portraying a smiling Lincoln.

"That's the way he looks when he has his friends about him," Mrs. Lincoln is reputed to have said when the picture was done. "I hope he looks like that after the November election."

Whether the portrait in the Alton library is the one painted

in 1860 by Conant or one copied by him after Lincoln's death as a memorial is a moot question.

Engineer Bought Painting
According to research by John Abbott, director of the Southwestern campus libraries, the first portrait was purchased from the artist by James B. Eads, engineer of Eads bridge fame, and now hangs in Phillips Manor house in Yonkers, N.Y.

A bearded Lincoln portrait by Conant hangs in the Heritage room of the Morris library at Carbondale. Acquired in 1860 by the former teachers college, it hung for many years in Old Main.

Asked why the smiling Lincoln painting has not been moved to the new campus, Abbott answered, "the picture has always been in Alton and the university has no plans for changing its present location."

BIRTHDAY OBSERVED BY JUNIOR THURSDAY CLUB
Mrs. Josephine Richardson was hostess to the Junior Thursday club in her home, 2912 Iowa street, Monday evening.

The birthday of Mrs. Maxine Clem was observed and a birthday cake and cards were presented to the honoree. Games were played for the remainder of the evening, with a prize going to Mrs. Frances Janik.

Refreshments were served by the hostess to Mrs. Clem, Mrs. Janik, Mrs. Jackie Frizzell, Mrs. Vickie McQuay, Mrs. Dorothy Patton and Miss Dorothy Holst. Mrs. Frizzell will hold the next meeting Oct. 21 in her home, 1638 Second street.

TROOP 114 BEGINS YEAR

The first meeting of the school term for Girl Scout Troop 114 was held Tuesday afternoon at Madison junior high school with the leader, Mrs. Mae Hendrickson, and co-leader, Mrs. Rose Lawrence.

Girls in attendance were Brenda Broadway, Kathy Werner, Ruth Ann Fleming, Helen Zelenka, Christa Shelby, Rebecca Hall, Roberta Hall, Etta Nappier, Judy Trindell, Sharon McBride, Nancy Maxwell, Alicia Hendrickson, Cathy Wilson, Laura Niehaus and Jennifer Steele.

Plans for scout activities were discussed by the leaders and girls.

ANNOUNCE BIRTH OF SON

Mr. and Mrs. Donald L. Blattner of Quincy, Ill., are announcing the arrival Oct. 1 of their first child, a son, weighing seven pounds, 15 ounces. He has been named Jeffrey Lee. Both the mother and father are school teachers in Quincy.

Mrs. Blattner is the former Bonnie Lansdown of Quincy and Blattner is the son of Mr. and Mrs. Joseph Blattner, 2917 Iowa street, former residents of Madison.

MRS. BRYANT HONORED

Mrs. Marie Bryant was crowned queen of the week and also of the month at a weekly meeting of the Ship Shape Tops club Tuesday evening at Schermer's civic center.

Those gaining weight were given penalties. The president, Mrs. Yvonne Passig, led the pledge of allegiance to the flag and the Tops pledge.

Mrs. Diane Ogle was presented a charm for the loss of 25 pounds. Mrs. Ogle and Mrs. Frances Dolezal are now officially "Kops," having maintained a weight loss for three months. Mrs. Dorothy Mathis received the evening's prize.

Mrs. Ruth Spelver, a guest, gave a wig demonstration. Mrs. Passig asked the members to bring rummage with them to the next meeting so that it can be sorted and priced for a sale Oct. 12 at Schermer's.

A singalong was held and Mrs. Rose Henderson closed the meeting with prayer.

Those present were Mrs. Jackie Gattung, Mrs. Lorraine Gremaud, Mrs. Elmer Baird, Mrs. Elizabeth Bucher, Mrs. Dorothy Slater, Mrs. Hazel Trotter, Mrs. Betty Allen, Mrs. Johanna Collett, Mrs. Rose Marie Krystova, Mrs. Wilma Large, Mrs. Olga Viser, Mrs. Zola Burgess, Mrs. Maria Jones, Mrs. Lois Hanson, Mrs. Sandra Lane, Mrs. Patricia Lee, Mrs. Shirley Fries, Mrs. Dorothy Gavin, Mrs. Pearl Kester, Mrs. Irene Niedwiecki and Mrs. Virginia Reutemann.

SOCIAL SIX MEETING

The Social Six Canasta club met in the home of Mrs. Nellie Zarzeski in Caseyville Tuesday evening. Canasta was played, with Mrs. Helen Kuback, Mrs. Sophie Green and Mrs. Tillie Missaelidis excelling.

Mrs. Julia Voloski, Mrs. Lorraine Gontermann and Miss Teresa Rhoads also took part in the social evening. The hostess served refreshments. Mrs. Rhoads will entertain in her home in November.

BIRTHDAY CLUB MEETS

Mrs. Catherine Conreux, Mrs. Ann Podnar, Mrs. Helen Hinterer, Mrs. Verna Kula and Mrs. Caroline Racheff met at the home of Mrs. Josephine Oreschovic, 3135 Princeton drive, as members of The Birthday club. The birthday of the hostess was observed with a cake and luncheon served to the members. Games filled the remainder of Tuesday afternoon with Mrs. Podnar being the winner. The birthday of Mrs. Conreux will be observed on Oct. 22.

MRS. GREGORY HOSTESS TO PAST NOBLES CLUB

Mrs. Dorothy Gregory was hostess to the Past Noble Grand club of the Delray 786 Rebekah lodge Tuesday evening, with Mrs. Pearl Serini as co-hostess. The members met at the Gregory home, 2800 Dale avenue, for a short business session and a social hour.

Miss Margaret Brown presided for a month.

Madison Group Seeks Names For Yule Gifts

The Madison City Organization Ladies Auxiliary is preparing "Ditty Bags" to send to Madison servicemen or women, who are stationed overseas or at home, and club members currently are compiling a list of names and addresses. Mrs. Julia Voloski, project chairman said today.

Relatives and friends of Madison military personnel are invited to call the auxiliary chairman, at 876-7739, or write the serviceman's name and full address on a postal card and mail to Mrs. Julia Voloski, 1619 Seventh street, Madison. The names should be submitted by Oct. 21 to permit packages to be mailed in time for Christmas.

Mrs. Voloski said about 50 "ditty bags," containing useful gifts, will be prepared and mailed by club members.

Unauthorized Driving

Melvin L. Thomas, 1339 Nineteenth street, was arrested at 7 p.m. Wednesday on a charge of permitting youngsters to drive a motor vehicle, a mini-bike, on the street and sidewalk in the 3200 block of Carlson avenue.

Squeals Tires, Arrested

Charles A. Murphy, 2617 Washington avenue, was charged with making excessive noise with his motor vehicle (squealing tires) at 2:10 p.m. Wednesday at 27th street and Washington avenue.

ed and a recent bazaar and supper was discussed. Plans for a Christmas party are being made.

Mrs. Ruby Wood will entertain the members at her home in Arlington Heights in November. Mrs. Elsie Vance will be co-hostess.

Others served refreshments were Mrs. Mary Connole, Mrs. Lillian Holtscher, Mrs. Laura Rogers, Mrs. Edna Foster, Mrs. Estella McBrain, Mrs. Chloe Maxon, Mrs. Vance, Mrs. Thelma Stockton and a guest, Mrs. Bessie Bond.

METHODIST YOUTH PLANS DINNER, BAZAAR

Final plans for the annual chicken and dumpling supper and bazaar of hand made articles were discussed by members of the Methodist Youth Fellowship of the United Methodist Church at a chili supper held Sunday evening at the church.

The supper was given by Dennis Brewer, Susan Stephens and Juanita Loerch, assisted by their mothers. Twenty youths took part in the social evening.

This group will be selling candies and will have a white elephant auction and a picture gallery which will feature over 150 pictures of people in the community, not just of the Methodist Church.

Other organizations of the church including the Ladies Quilting Society, Women's Society of Christian Services and others will take part in the supper which is to be served Saturday from 4 to 7 p.m. at the church.

The dinner will be family style and feature home baked pies. Tickets are on sale by members or may be purchased at the door.

QUEEN ESTHER CLASS ELECTS OFFICERS

The Queen Esther Class of the First Baptist Church held an election meeting Monday evening at the home of Mrs. Velma Rideout, 2018 McCasland avenue. The meeting opened with the president, Mrs. Rideout, in charge.

The devotional, "Great Promises," was given by Miss Nora Rogers, who also led in prayer. A letter was read from Susan Forrestall of the Carmi Baptist Home, who had been adopted by the class, thanking the members for the clothes sent to her for the first day of school.

In the election of officers, those named were Mrs. Thelma Stockton, president; Miss Altha Lawson, vice-president; Miss Nora Rogers, secretary-treasurer; Mrs. Callie Erickson and Mrs. Rideout, group captains.

Mrs. Gertrude McManaway was named teacher. Mrs. Rideout is substitute teacher.

Year books were planned and a general discussion of duties of officers filled a part of the meeting period.

Others present were Mrs. Verna Wilman, Mrs. Lucille Veach and a visitor, Mrs. Maxine Dacus. The remainder of the evening was spent watching movies taken by Mr. and Mrs. Ralph Rideout of their vacation in Hawaii while visiting their son, Ralph Jr. Several points of interest were viewed and pictures including the Rev. Ernest Coombe and family. He was a former pastor of the First Baptist Church of Madison.

Refreshments were served by the hostess prior to adjourning for a month.

we care

our managers have taken over!

This is a special week.

We call it Managers Week.

They've taken over the store.

They've planned a terrific thrift event.

Storewide values that you'll recognize as

"first-aid" for your ailing budget.

Why this special week?

First, to express special appreciation to you.

Second, to honor our managers.

Third, to give us a chance to prove "We Care."

If you're a regular A&P customer, this week is for you.

If you've never shopped A&P, this is the week to test-shop A&P.

When you see the savings on your total food bill,

when you experience the warmth of being cared about,

we think you'll come back time and time again. Millions do.

ISU Enrollment at 13,163, Up by 2091

The official enrollment for the fall semester at Illinois State University, Normal, totals 13,163, an increase of 2091 or 18% over the 11,072 enrolled a year ago, university officials announced.

The record high enrollment marks another phase in the rapid growth of Illinois State, which, a decade ago, had fewer than 4000 students.

A surprising factor in this year's total is a growth in graduate enrollment from 1088 to 1451, in spite of new selective service regulations which some authorities thought would cut severely into graduate school rolls.

Vietnam War Veterans To Open Youth Center

Two Vietnam war veterans are establishing a youth center which will open this week at the old Carpenter hall, 2301 Washington avenue.

Dances will be held from 7 to 11:30 p.m. Saturday and from 2 to 10 p.m. Sunday.

Playing Saturday will be the Peppermint Pig and the J. Christopher Blues band. The two bands will be joined Sunday by the Kessel Riff. Admission is 75 cents, with proceeds to be divided between Catholic Charities and Protestant Welfare.

Called the "Beneath Society," the center is being formed by Larry Keel, 24, of 2502 East 27th street, and Bill Stearns, 23, of 1541 Rodg'r avenue.

The two served in Vietnam together where they became acquainted with the term which was related to the long-hair "hippie" movement.

Stearns said the two feel that there should be more healthful activities for teenagers in the area and that they decided to purchase the building and develop it into a teenage center.

National 4-H Club Week To be Observed in Area

Four-H Club members in the Quad-City area will celebrate National 4-H Club Week next week by pledging their head, heart, hands and health to better their club, community and country at each of their meetings throughout the year.

Six home economics clubs, with a new one now being established, and one agriculture club are in operation in the area. These are part of the 62 clubs in the county and the members are part of 130,500 in Illinois.

Four-H is a practical, out-of-classroom educational program started 33 years ago. Sponsored state-wide by the University of Illinois Cooperative Extension Service, the program is conducted at the county level by extension advisers. The volunteer local leader deserves the credit for getting it to the young people in their community.

When 4-H work began, it was designed to improve farm and family living. The projects were geared to give rural youth the training which they needed and had a harder time getting than did the city youth.

Now times and circumstances have changed as rural people migrated to the city and opportunities to achieve became available to the rural areas as to the cities.

Projects have been designed which are adaptable to both city and rural young people, but these have not crowded out the traditional ones.

The teenagers are stitching fine seams, cooking gourmet foods, raising prize animals and pledging the soil to grow ribbon-winning crops along with arts and crafts, automotive safety, small engine care, room improvement, baby tending, bicycling and other projects.

Benefits last a lifetime. Four-Hers gain knowledge and learn new skills. The program awards work well done with ribbons, trophies, medals, certificates, trips and premiums.

Home ec clubs in the area and their leaders who will be recognized during the week are:

Madison Mascots, Mrs. Otis Hollenbeck; Mitchell Mitchell, Mrs. Angie Brown; Tri 4-H Club, Mrs. Ray Tadlock; Sand Prairie, Mrs. Russell Johnson; and Mrs. Charles Wasylik; Granite City Moon-spinners, Mrs. Louis Kozlowski and Mrs. John Gysmalt; and St. Mary's Club, Mrs. Harriet Busnell-meyer and Mrs. Eva Mueller.

Melbourn Roger leads the Quad-City Sunrise Agriculture Club, which carries a wide variety of projects.

New clubs may be organized by any group of five or more members who are between the ages of nine and 19. They must have a local leader and each member must enroll in a project. A minimum of five meetings is needed to fulfill requirements of an achievement club, but most clubs meet monthly, bi-monthly or some even weekly.

Old River Boat Wheel Finds Home at SIU-SW

Standing nearly six feet tall, the wheel of an old river boat has found a new home at Southern Illinois University's Southwestern campus.

The journey's end for the tiler is just a few miles from the point where the Illinois and Missouri rivers pour into the Mississippi river. It is being placed in one of the five new conference-dining rooms in the University Center, a social, recreational and meeting facility for the campus, according to Center director Robert Handy.

Hopefully, future searches will turn up four more wheels so that one can be placed in each of the five rooms—the Mississippi, Missouri, Illinois, Wabash and Ohio.

In fact, search for the rooms will someday be completed by all kinds of artifacts of the old riverboat days. Already the University has 25 photographs of vessels to hang in the rooms. As more photographs, wheels, horns, bells, lanterns and even furniture are secured from the old boats they will be placed in the "River Rooms." Six authentic models of riverboats also part of the decor.

Naming of the rooms, like all in the building, reflects the history of the surrounding area, Handy explained.

Miss Rojas Enrolls At Chicago Hospital

Miss Roberta Rojas, daughter of Mr. and Mrs. Jose R. Rojas Sr., 1728 Olive street, has arrived at the Michael Reese Hospital in Chicago where she will receive three years of nurse's training.

She is a 1968 graduate of Granite City high school where she was a four-year award winner in the Girls Athletic Association. She also is past president of the VFW Junior Girls unit and a trustee of the Military Order of Lady Buge.

Mrs. Fiersted Publishes Book of Spiritual Songs

Helmi Luvaa, Fiersted, a member of the music faculty at Southern Illinois University-Southwestern Campus, has had published a collection of spiritual songs for which she did the arrangements.

The book of more than 20 songs for unison or two-part choirs begins with early New England Psalm tunes. The texts were taken from the first book printed in America—the Bay Book, published in 1640. The melodies were not printed in this book, only the metric settings of the Psalms. Because books were scarce during the early days of America, the minister would read each line before the congregation sang. It was called lining out.

Induction Ceremony Held For 3 New Eagle Scouts

Three members of Boy Scout Troop 23, sponsored by the Long Lake volunteer fire department, were inducted as Eagle Scouts at a recent court of honor held at the fire hall. They are Danny Kreher, son of Mr. and Mrs. Otto Kreher, 3949 Lake street; Rudy Reiser, son of Mr. and Mrs. Fred Reiser, 4223 Highway 111; and John Harper, son of Mr. and Mrs. Jack Harper, 3865 Lake street.

Awarding the highest rank in scouting was Scoutmaster Leonard Barron. The challenge was given by Floyd Ashoff and the charge by Edwin Metke Jr., district executive of the Cahokia Mounds council.

Harper, 15, is a sophomore at Granite City high school. He is a member of the Order of the Arrow, has passed requirements for the God and Country award and is awaiting presentation. He is active in athletics and

plays the piano. He joined the troop in November 1964. Kreher, 14, joined the troop in 1963. He attends Grigsby junior high school and is a member of the Order of the Arrow. He is on the football team and lettered in track last year. A junior assistant scoutmaster, he came from a scouting family. His mother was a Girl Scout leader for five years, his father was a scout and is now institutional representative for the troop, and his sister was in scouting.

Reiser, 16, joined the troop in 1964. He was a Cub Scout in 1961 and 1962 and received the Wolf and Bear ranks. He has served as senior assistant patrol leader and senior patrol leader and as a member of the Order of the Arrow. He is a junior at Granite City high school.

Growth of SIU in 20 Years is Outlined

An aerial photograph of the Southern Illinois University campus in September 1948: eight buildings clustered in a square bounded on two sides by the Illinois Central Railroad and old Route 51.

Down on the ground about 3000 students clogged the peeling corridors of Old Main and jammed the neighborhood hamburger-juke joint that served as a social center. Many of them were faded khaki jackets that clearly announced their pre-college preparatory: world war II.

The school was not in the best shape that fall. Even though it had newly acquired status as a university (the "Normal" having been lifted from its name a year before), conditions were hardly consistent with the image of that title. SIU still operated under the State Teachers' College Board, the faculty was unhappy with space, budgets and teaching load pressures, and the entire graduate school could rather easily be seated in a lecture hall.

But the students of SIU, fall, 1948 had some things going for them. Spirit was lively; the basketball team had won the conference championship a year before and Abe Martin's foot ballers were hitting in scrimmage with all the verve of a team that had captured the First Annual Corn Bowl Championship the previous season.

And, too, there was this new

President, a man from Ohio State University named Delyte Wesley Morris who talked in the most assured manner about SIU's future. He spoke of a school as a "dynamic social force" and so much as said that a tax-supported school belongs to the taxpayers, with the service responsibilities implied.

On the 20th anniversary of his arrival at SIU, Morris can look on a prophecy fulfilled to an extent that probably even he didn't expect when he made his inaugural address.

It has been said so many times, by so many people, that further observations on SIU's incredible 20-year development may be old hat. But the fact is there, and a companion of 1948 with 1968 shows why one writer called this phenomenon "the Cinderella story of modern higher education."

That square between the tracks and the hard road has flared to an 850-acre central campus at Carbondale with yet another new Southwestern campus. Add farms, research stations, a Vocational-Technical Institute, an outdoor laboratory and other facilities, and you have an aerial photograph that would cover some 11,000 acres if it were all in one exposure.

Enrollment Expands
The all-university enrollment this year is expected to be 10 times what it was two decades ago, an increase that has seen SIU go from nowhere to the ranks of the 20 largest universities in the U. S.

Twenty years ago, when Morris announced that research, expanded academic programs and area service were to be prime expansion goals, SIU had a research budget of less than \$11,000. Now it is around \$8 million.

There were fewer than 100,000 books in the library, many of them in a quaint hut. Now there are more than a million in Morris and Lovejoy Libraries on the two campuses.

Academic programs? There were 27 teaching departments then, there are more than 60 now, not counting dozens of institutes and inter-disciplinary studies and the one and two-year associate degree courses at the Vocational-Technical Institute.

The graduate school has become nearly an entire university itself, with about 4500 students and advanced studies in 54 fields, including 19 at the Ph.D. level.

\$70 Million Budget
SIU had an operating budget of \$1.9 million in 1948. This year it was \$70 million. The block-square physical plant would have represented a valuation of about \$5 million. Now it is upwards of \$160 million.

Those are only a few indices of the revolution at SIU. Morris also saw his ideal of a "service" university realized to the point where SIU not only is serving the area, the region and the state, but struggling foreign nations as well.

While he came to SIU from Ohio State, Morris really is Southern Illinois; he was born and reared in Xenia and went to high school in Floria. His hobbies characterize a man of some rural persuasion more than anything else: he likes horseback riding, canoeing, stone masonry, carpentry, electrical work—even plumbing.

His main project, however, has for 20 years been SIU and its influence for accomplishment in Southern Illinois. In this he can be said to have been a pretty fair country architect.

A computer is used in the Southern Illinois University geography department to turn out some maps. Data on a region is stored, and the maps can be printed at will.

Harmon is Graduated At San Diego Base

Seaman Apprentice Charles R. Harmon, USN, 18, son of Mr. and Mrs. Thomas C. Harmon of St. Clairsville, has been graduated from nine weeks of Navy basic training at the Naval Training Center at San Diego, Cal.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

Special Displays in SIU-SW Goshen Lounge

Dutch tool kits, primitive cooking ware and tools, tapestries and wallpaper prints are part of a display of antiques in the Goshen Lounge in Southern Illinois University-Southwestern Campus University Center.

Representative of the locale from the 18th century through the early 20th century, the items were loaned to the university by area antique dealers and individuals interested in antiques. Photographs accompanying the exhibit were taken by John Bertram and Anne Kraybill.

Sponsored by SIU-SW's Fine Arts committee, the exhibit will be open to the public through tomorrow.

JAZZ AGE DANCERS Mary Sue Maher of Godfrey and Tom Ray, 4225 Breckenridge lane, rehearse for their spot on the Golden '20's Night to be held at 7:30 p.m. next Tuesday in the Lovejoy auditorium at Southern Illinois University-Southern campus under the sponsorship of Friends of the Library. Both are students at the local campus.

Local Youth to Dance At Golden 20's Night

A "Golden Twenties Night," featuring Jazz Age dances, a photographic exhibit, and a film highlighting the 1920s will be staged by the Friends of the Library of SIU-SW Tuesday night, Oct. 8 at Lovejoy Library Auditorium on the local campus.

Commencing at 7:30 p.m., the light-hearted affair will have some members of the Friends appearing in clothing of the 20s, much of it obtained in Granite City by Board member Mrs. Charles Kohl of Granite City. Guests who wish to be also invited to come in costumes of the period.

SIU dance students Mary Sue

Maher of Godfrey, Judy Mitchell of East Alton, Tom Ray of Granite City, and Charles Blythe of Bond will perform several dance crazes of the Twenties era. Their program is under the direction of Sara Carpenter of Alton.

Main event of the evening will be an hour film, "The Golden Twenties," created from old newspaper clips and covering the period from the end of World War I to 1930. An exhibit of old photographs and post cards of street scenes from this entire area will also be presented.

Paul Chamless of East St. Louis will be master of ceremonies. The event is open to the public without charge.

Mrs. E. A. Karandjoff of Granite City is also a member of the Friends of the Library Advisory Board. Chairman of the event is Mrs. John D. Randall of Edwardsville.

Nobel Prize Winner To Talk at Carbondale

George W. Beadle, retiring chancellor of the University of Chicago and a Nobel prize winner, will be guest speaker at the getting of the cornerstone for Southern Illinois University's Life Science building addition at Carbondale on Parents Day weekend, Nov. 8-9.

The new \$10 million research, office and graduate studies center in the biological sciences and psychology is expected to be finished late next year. It will be more than three times the size of the existing Life Science building which it will adjoin.

Beadle, a geneticist, won the Nobel prize in medicine and physiology in 1958 when he was chairman of the biology division at the California Institute of Technology.

Miss Jewett to Sing in Recital at SIU-SW

Southern Illinois University-Southern's fine arts division will present Miss Marilyn Jewett, contralto, in a voice recital at 8:15 p.m. Monday in the Communications building theater.

A member of the music faculty at the University of Tennessee and director of its opera workshop, Miss Jewett was leading contralto for several seasons with the American Savoyards Gilbert & Sullivan Co., both in New York and New England. Open to the public without charge, the recital will be followed by a reception in the lobby of the Communications building.

Civil Defense Leader Course Being Offered in County

Nine non-credit classes for leaders in civil defense will be offered during the fall semester by the University of Illinois Extension. For those in Madison county the class will be held on Wednesday, Dec. 4, at 7 p.m., at the Madison County Civil Defense Center, 303 South Main street, Edwardsville. William L. Elise, of Swansea, Southwest Mutual Aid Area Coordinator will preside.

All courses are offered without charge for tuition, fees, or instructional material are federally financed, to meet critical defense needs, through a contract between the University and the US Office of Civil Defense.

Alton Patient Choir To Present Program

The patient choir of Alton State Hospital, under the direction of Mrs. Rose Westbrook, music therapist, will entertain members of a Senior Citizens Club on Friday at 11:30 a.m., at Rock Springs Park.

Mrs. Westbrook said, "Our musical presentation will include choral folk singing, duets, solos, and auto harp selections."

Socialist Labor Slate is 4th on Illinois Ballot

Most Quad-City voters are well aware of the Democrats, the Republicans and the independent party headed by George Wallace as candidates in the Nov. 5 general election, but most of them know little about a fourth party on the Illinois ballot.

Comparatively unknown as a factor in the 1968 election is the Socialist Labor party which has taken part in every national Presidential election campaign since 1892, and which will be on this year's election ballot with a presidential, vice-presidential and state candidates.

While the party never has elected a candidate to office, its candidates received 11,000 votes in 1960. Its backers contend that the capitalist system should be replaced peacefully through elections by a socialist system in which the society as a whole would own all instruments of production.

Under the socialist society envisioned by the SLP, workers would elect their own leaders and goods would be produced for use rather than sale under the profit system of private capitalists.

County's Soybean, Corn Harvest To Hit Faster Pace

Rapid progress in harvesting corn and soybeans is expected in Madison county within the next few weeks as large areas of both crops are now maturing.

Bundy said an estimated one percent of each crop was harvested by early this week since field operations were slowed by recent rains.

He said all corn and beans are not yet ready to harvest, but some beans are testing around 19% moisture and much of the corn is in the 25 to 30% moisture range. Most of the wheat will be planted as soon as the soybean harvest is completed.

Bundy said most local grain elevator managers reported activity slow during most of last week, with only small amounts of grain taken to elevators.

The extension adviser also warned against white snakeroot, a poisonous weed that grows in abundance in most woods and brushland areas in Madison county and which is highly toxic to livestock, often resulting in death to animals that eat it.

The weed now is in full bloom, he said. While it grows to two or three feet in height with white blossoms, it can be mistaken for thistle, a non-poisonous weed which is similar to snakeroot and has greenish white blossoms.

Bundy said the plant is poisonous at any stage of growth and even after it is dead, and many animals seem to eat it more at this time of the year. Therefore, he advised, livestock pastured in woody or brushy areas should be removed now.

First annual meeting of the Illinois Breeding Cooperative and the second select sire invitational dairy sale will be held Saturday, Bundy announced. The affair will be held at IBC headquarters near Hampshire, Ill., beginning at 10:30 a.m., and will be followed by the Holstein sale at 12:30 p.m.

Employ Physically Handicapped Week

More than 13,000 handicapped persons employed on a full-time basis by the Veterans Administration will lead VVA's observance of National Employ the Physically Handicapped Week, Oct. 6-12, Administrator of Veterans Affairs William J. Driver said today.

These employees constitute about 5.4% of the VA's full-time work force. Sharing their special interest in NEPH week, sponsored by the President's Committee on Employment of the Handicapped, will be nearly 500 mentally retarded persons employed by the VA, Driver said.

He noted that since the Federal program of hiring the mentally retarded began, the VA has made almost one-tenth of all appointments by the 40 agencies and participating in the program.

The Administrator of Veterans Affairs said that the agency's greatest contribution to realization of the President's Committee's goal of employing the handicapped has been its Congressionally mandated program of vocational rehabilitation training for severely disabled veterans.

Since 1943, at the height of world war II when Congress approved vocational rehabilitation training, nearly three-quarters of a million disabled veterans of world war II, the Korean conflict and Post-Korean service, including Vietnam, have received VA vocational rehabilitation training.

A new law, signed by the President last July, permits veterans with severe service-connected disabilities to receive VA vocational rehabilitation benefits for part-time training. Previously a veteran had to take full-time training to qualify for such benefits.

Eight Clinics to be Offered during Fall

Eight clinics, ranging from group therapy to weight control, will be offered to full-time Southern Illinois University-Southwestern campus students this fall.

Sponsoring and conducting the clinics will be the Counseling and Testing Center. Enrollment for each of the clinics is limited, and a screening interview with counseling center staff will be required before a student can enroll.

Richard Walsh, center director, announced the following clinic topics: concentration and examination behavior, group therapy, human potential, weight control, educational adjustment, information and premarriage clinic.

All clinics will begin the week of Oct. 14 and are slated for the daytime. Each runs 90 or 90 minutes one day a week.

GC Beautification Commission is Proposed

Appointment of a Granite City Beautification Commission to devise and implement an overall master plan to improve and enhance the community through cooperative efforts of industry, civil officials, businessmen, garden clubs and service groups has been proposed at a meeting of interested persons called by Mayor Donald Partney.

Formation of such a commission, with members to be appointed by the mayor, subject to council approval, was among several proposals and ideas submitted at the informal conference held in the Mayor's office.

Representatives of the real estate board, downtown business firms, Chamber of Commerce, local garden clubs and the Granite City park district met with Mayor Partney and University of Illinois specialists, Wayne B. Siefert, area adviser for the U. of I. Cooperative Extension Service and an ornamental horticulturist, and Charles Rayburn of the University Extension staff.

"River Road Problems" The mayor discussed various areas, including the downtown business district, urgently in need of beautification, and commented—"on top of immediate local problems, very soon we will have to bring many visitors to the community."

"Just what can we do about 20th street to make it attractive to a motorist leaving the new highway?" he asked.

Specific areas mentioned by

those attending the meeting, included open ditches and fencing along 22nd street and fronting both shopping centers on Nameoak road, the locks area, a weed patch at the junction of Madison avenue and Nameoak road, streets adjacent to Granite City Steel Co., and areas along the recently completed four-lane Nameoak road.

Siefert suggested forming a steering committee or beautification commission, pointing out that a task force of interested citizens and civic officials, representative of various aspects of community life, should be included in such a group.

Tree Planting Plan "When you start talking about planting trees in a community for example," the horticulturist said, "it sounds like a pretty fuzzy effort. But when this plan is put into effect, it is a plan you can tell your citizens."

"... such an overall plan where you are trying to do this is what we are trying to accomplish... whether you plant trees by block or in entire sections."

"You cannot mobilize effort until you have a good plan," Siefert advised.

Area Firms Pledge 430 Jobs in NAB Program

Pledges of 430 jobs for the poor and disadvantaged have been given the National Alliance of Businessmen by employers of the Illinois area of the St. Louis Metropolitan region. W. Ashley Gray Jr., president of General Steel Industries, Inc., and chairman of the Illinois area NAB program, announced today.

Volunteer job pledge "asked" for the NAB called on companies in Madison and St. Clair counties as part of a national campaign aimed at creating job opportunities for poor, unemployed adults in the 50 largest metropolitan areas in the U. S.

Gray said the 430 Illinois area jobs contributed extensively toward meeting the quota of the entire metropolitan region. Employers pledging permanent jobs have until mid-1969 to phase the new employees into their work forces.

A total of 42 Illinois area companies participated in the NAB program, Gray said. These firms also pledged temporary jobs last summer for 31 needy youth.

The second annual "Trading Post" through which Granite Cityans may swap, buy or sell used ice skates will be held from 1 to 2:30 p.m. Saturday in the Wilson Park ice rink pavilion, according to a reminder issued today by Harold Brown, park superintendent.

"Excellent response to the initial 'trading post' project conducted at the rink last fall has prompted us to again ask

local residents to bring their outgrown or discarded ice skates to the rink Saturday and swap or sell them to others," Brown said.

Tables will be set up inside the building to accommodate individuals with skates to display, the official said. A brief business in the swap department, especially in sizes fitting younger skaters who have outgrown their footwear again is expected, he added.

Tax Credit Insured Plan Favored in State
Federal income tax credits for family men under 65 years old and making less than \$10,000 a year who buy broader health insurance protection are favored by the majority of physicians in the county and state, according to a survey conducted by the Illinois State Medical Society.

The report showed that 86% of the responding physicians in Madison county and 89% in the state as a whole registered support for the proposal, Dr. Edward W. Cammady, ISMS president-elect, told the county medical society Wednesday night at Alton.

Putting-you-firsts!

(A quick tour of some of the thoughtful new features the 1969 Chevrolets offer that other cars in Chevrolet's field don't.)

Headlight washers

You push the windshield washer knob and hold it, and your headlights come clean. Fluid is diverted to two jet nozzles at each light lens. (Outer lights only on duals.)

The spray removes up to 80% of accumulated dirt.

The feature is standard on 1969 Corvettes. It comes with the hidden headlights available on Camaro, Caprice and Kingswood Estate Wagons. It is available on all other models except Corvair.

Heated glass

In a moment your rear window will self-defrost. Because we've built into it a network of tiny ceramic strips capable of heating the entire surface.

Fog and frost disappear quickly and quietly. You just flick a switch.

The heated rear window is available on the 1969 Caprice Coupe and Impala Custom Coupe.

Pushbutton tire chains

You press a button on the instrument panel and the rear tires get a shot of "liquid tire chain."

Steering wheel lock

When you own a car as desirable as the 1969 Chevrolet, you don't take chances.

When you leave it, you lock it. Not just the doors.

You lock the ignition, steering wheel and transmission lever, too.

Our new lock on the steering column takes care of all that.

Standard on all 1969 Chevrolets, Chevys Novas, Camaros and Corvettes.

Sorry, car thieves.

Power steering plus

The 1969 Caprice, Impala and Camaro are available with a new type of power steering. Variable-ratio, power steering.

What it does is give you faster steering with fewer turns of the wheel.

Variable-ratio power steering

Is particularly helpful in short, full turns.

And parking becomes unbelievably easy. You'll love it.

Walk-in wagons

The tailgate swings open like a door on most of our 1969 station wagons.

Which in itself is no big deal. But wait, there's more.

We've built a concealed step into the rear bumper.

You simply step up, over, and in.

The way we build our wagons, you can do it without bumping your head, and without awkwardness.

Walk into a wagon soon at your Chevrolet dealer's.

Putting you first, keeps us first.

Military Bans Sending Firearms through Mail

The Army and other military services have taken swift action to curb reported mailing of explosives and firearms through their postal system.

Persistent reports that explosives and firearms are being mailed through the postal system have come to the attention of Secretary of the Army Stanley R. Resor.

He has directed that, effective immediately, the mailing of firearms of all types at Army post offices is prohibited. A spokesman said the Army recognizes that previous restrictions have not been completely effective.

In a related action, the Defense Dept. has coordinated with the U. S. Post Office Dept. to prohibit the mailing of firearms from within the U. S. when they are addressed for delivery through military post offices (Army and Fleet post offices).

Lt. Douglas Receives Assignment in Turkey

Second Lt. William M. Douglas, son of Mr. and Mrs. William V. Douglas, 4308 Arlington drive, has received an assignment with a NATO support unit in Turkey and will leave here about Oct. 16.

He returned home on leave last Friday after serving the last two months at the Redstone Arsenal at Huntsville, Ala. He was commissioned at the end of July upon graduation from Officer Candidate School at Fort Sill, Okla.

The new officer is to stop in Germany before continuing to Turkey. A 1966 graduate of Granite City high school, he formerly was employed for a year at the 84 Lumber Co. and enlisted in the Army in July 1967.

Parked Car Damaged

A parked car owned by Forest Williams, 1018 Douglas street, Venice, was damaged on the left side Monday night when it was struck by a hit-run driver. Police said Williams' car was parked in front of his home.

United Fund Agencies Provide Wide Range of Services

"Compassion in Action" is the theme of a diversified program of activities provided the Quad-City community by the Salvation Army, an agency of the Tri-Cities United Fund, which will receive a \$23,900 allocation from this month's fund-raising drive.

Also benefiting from the 1969 campaign are two other health-welfare agencies, both furnishing services to local residents. The Fraternal Society of Retired Members will receive an allotment of \$1800, while the Arthritis Foundation of the Eastern Missouri Association has been granted a 1969 allocation amounting to \$2300.

Traditionally the "helping hand" for those in need, with no other place to turn, the Salvation Army also provides emergency relief food, clothing and shelter for families and individuals. Transients in difficulty turn to the agency for emergency aid.

Scope of Services
In 1967, a total of 224 cases, involving 881 individuals received material assistance from the local Salvation Army, with an accumulated total of 18,944 persons given some form of service during the same period of time.

On an average day in the Quad-City area, 52 persons receive aid or service from The Army of Salvation. . . a mother is given material assistance for her family during a crisis. . . a burglarized home is provided emergency aid. . . children are furnished a character building activity. . . Senior Citizens are offered food for soul as well as body along with needed wholesome fellowship. . . a homeless man is given a welcome meal. . . counsel is provided an unwed mother.

Any or all of these services, plus many other "unending services" constitute a day's activities at the Salvation Army. During the past year, the Salvation Army's League of Mercy made 52 visits to area hospitals and institutions, including Scott Air Force Base, with members personally contacting 1703 patients and distributing a total of 2303 gifts and publications. Local Corps personnel also provided voluntary help during the 1967 tornado in St. Louis county and in the extensively flooded areas near St. Charles, Mo. Twenty-eight fire victims were aided.

Voluntary man-hours contributed by local persons to various Salvation Army projects totaled 3029 hours. For young people in the community, there were 312 recreational and character building activities, attended by 6738, while an additional youngsters participated last summer in a recreational program, spanning 121 sessions.

769 Consultations
The Salvation Army staff spent countless hours counseling and advising welfare applicants, unwed mothers and individuals in need of spiritual guidance.

More than 769 consultations were made at the local office; 654 homes were visited and 680 hours of pastoral visitations recorded.

Through the 1967 "Tree of Lights" program, 576 families were helped. Food baskets, clothing and toys were furnished to 378 families and the "Clothes-a-Child" project provided 331 children with new shoes and garments.

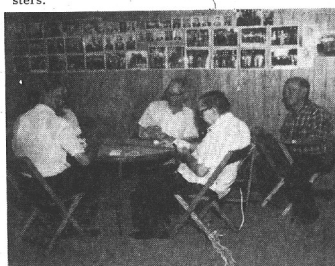

Capt. and Mrs. Harold F. Thomas direct the Salvation Army program in the Quad-Cities, administering services at the Citadel, located at 1421 Nineteenth street, and through the welfare assistance office at 1239 Nineteenth street.

The local officers, together with members of the Salvation Army Advisory Board and Army regional officials, currently are planning construction of a new Citadel in the community.

YOUTH ACTIVITIES play a large part in the overall program of the Salvation Army, an agency of the Tri-Cities United Fund. Attendance for recreational and character building programs, sponsored last year by the local Citadel, totaled 8739 youngsters.

QUIET CARD GAME, watching a favorite television program and, most important, fellowship are offered retirees in the clubhouse of the Fraternal Society of Retired Members, 1810 State street, an agency of the Tri-Cities United Fund.

Physicians may refer their patients who need clinic facilities to the Foundation, located in Firmin Desloge Hospital, St. Louis, for patient care which includes drugs, x-rays, physical therapy and needed appliances. A portion of the United Fund allocation to the Foundation supports research into the causes and cures for rheumatic diseases, as well as making available to local doctors the many publications and manuals of the Arthritis Foundation.

Youth, 19, Breaks Left Leg in Fall off Porch
William Hollenbeck, 19, of 1118 Grand avenue, Madison, broke his left leg when he fell from a second-story porch of the Catholic Charities building, 2012 Delmar avenue, onto the sidewalk at 3:30 p.m. Monday.

He was taken by ambulance to St. Elizabeth Hospital where the leg was set and placed in a cast. He was admitted. Hollenbeck, who weighs about 240 pounds, apparently leaned too heavily against a porch railing, causing it to give way. He was on duty as a volunteer worker at the welfare agency, helping to clean clothing and storage rooms.

Auto Glass Broken
John Nemmering, 2449 Roney drive, reported at 8:50 p.m. Monday that vandals broke the right front vent glass while his auto was parked at 19th street and the railroad tracks.

Auto Tire Stolen
A tire was stolen from an auto on the used car lot at the B-E, Hobbs agency, 1837 Madison avenue, it was reported at 6:10 p.m. Monday.

Hypnosis is Topic Of Rotary Meeting

Dr. B. J. Hartman, director of Research and Testing at SIU-SW campus, spoke to the Granite City Rotary Club members Tuesday on "Hypnosis," a field in which he is a nationally known authority.

During his talk at the YMCA luncheon, he listed a number of uses now being made of hypnosis including medical, therapy, amnesia, dental, education, police work and psychiatry. He also said in the education field this is being used on a limited basis, to get a person to concentrate and to retain what they have learned.

Continuing in his talk, Dr. Hartman said there are a number of falsehoods concerning hypnosis. "People do not lose consciousness and never surrender his will while under the spell."

"Another misconception is that only those with a weak mind can be hypnotized; this comes from the dramatic use of hypnosis as in theatres and shows," he explained. There are now 30,000 professionals using hypnosis to some degree, mainly in the medical and dental field, for the betterment of their patients' health and peace of mind.

Warren Decatur, president, conducted the business session, introducing H. A. Bauman, who submitted the second report, the proceeds of the Modern Living show held recently by the club.

Decatur also announced Congressman Melvin Price, (D) from East St. Louis will speak at a luncheon held jointly with

Kiwanis to Treat Boys Baseball Team

The Granite City Kiwanis Club met Monday evening at the Rose Bowl for a business-dinner meeting, to plan the Oct. 7 meeting, when the Kiwanis, sponsored boys' baseball team will be guests for the evening.

The annual "Kids Day" peanut sale will be conducted on Oct. 11 and 12, it was announced by Michael Tondas, to the 22 members present. The following meeting, on Oct. 14 will be termed "ladies night" with a special program planned for the guests.

Tondas said the Kiwanis Division 14 fall fellowship meeting will be held at the SIU-SW campus on Oct. 29 for all clubs in the Division, and will begin at 6:45 p.m.

Parked Auto Struck
A hit-and-run driver backed into the right side of an auto owned by Harold E. Hamilton, 2639 Logan avenue, while it was parked Monday on the lot at the Granite City Trust & Savings Bank.

Cast Iron Chairs Broken
Mrs. Wilma Hudson, 2140 Grand, reported Monday that vandals knocked over two cast iron lawn chairs in her front yard during the night. Both were broken.

The Madison Rotary Club, on Oct. 22 at the Rose Bowl, Harold F. Thomas of the Salvation Army will provide the program for Tuesday's meeting.

We're one-fifth Rambler, and all the rest is new.

There was a time when all we made were Ramblers. And, those Ramblers made our image. With the predictable result that we got a reputation for building dependable, little cars that were high on economy and low on sex appeal.

We still make the Rambler. It's a smarter buy than it ever was. But it's no Javelin.

When American Motors can build a hot, sporty car that out-sports the other sporty cars, that's news.

So far, more than 45,000 sporty-car drivers have decided that the Javelin is a better car for the money.

The Ambassador SST 4-door sedan is our luxury car. It comes with standard air-conditioning, standard V-8, standard auto-

matic transmission, optional velour seats, a long, long wheelbase for an elegant limousine ride, and an astonishingly low price for the package.

We also make the Rebel.

The Rebel is the family car that dared to cross the treacherous Baja peninsula. Most of the specially equipped cars that start this trip never finish. The Rebel did.

But, if anything changes our image, it will be the AMX, our two-seater sports car.

The AMX, specially equipped and modified, has set 106 American, national and international speed records.

At this point, it looks like our image will never survive.

Slow Moving Vehicles

Harvest-time means many slow-moving farm vehicles will be on the roads.

If you're operating a slow-moving vehicle on a public road, a well-placed SMV (slow-moving vehicle) emblem may keep the operator of a speedier car or truck from overrunning you.

And if you're the car or truck driver, keeping a sharp lookout for the SMV emblem protects both you and the operator of a slow-moving vehicle from injury and possible death.

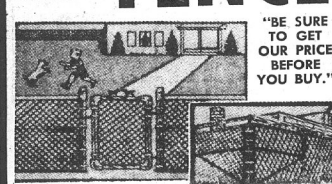

The SMV emblem is usually visible day or night at about 500 feet. It's a fluorescent, yellow-orange triangle 16 inches wide and 14 inches high with one point up. It is used to identify vehicles designed to travel 25 miles an hour or less.

Cattle producers attending Beef Cattle Day at the University of Illinois Friday, Sept. 27, will hear a review of the past year's beef cattle research activities and will have a chance to tour the research facilities. The program begins at 9:30 a.m. at the Beef Barn and continues at 1 p.m. in the University Auditorium.

Bees Do More Than Producing Honey in State

By ALBERT MEYER

SIU "Country Columnist"

Mention bees and most persons think of honey, a sweet product of the insects' labor that delights the taste when served with butter on hot biscuits and bread.

However, in the process of gathering pollen and nectar for making the comb and honey, bees perform a function in nature that has more importance to farmers than the value of honey and beeswax because it is the pollination of many kinds of plant flowers that assures quality fruit, vegetable and some seed crops.

For example, Prof. James Mowery, superintendent of the Illinois Horticultural Station at Southern Illinois University, says bee activity in orchards during blossoming is vital to assuring good fruit crops in Southern Illinois.

It is only through the movement of the insects from flower to flower that pollination activities and will have a chance to tour the research facilities.

The program begins at 9:30 a.m. at the Beef Barn and continues at 1 p.m. in the University Auditorium.

Similarly, helped bees pollinate the blossoms of many small fruits—domestic and wild—and of many fruiting vegetables that assure good crops for commercial growers.

Then, too, a recent newspaper item reported the nation's alfalfa seed growers would like to find a breed of bees that are not afraid to tackle the scary antics of alfalfa blossoms so

Tips on Choosing Cheddar

Whether you want Cheddar cheese for snacking or for cooking, the USDA grade shield on the package is your guarantee

of consistent and dependable quality.

Geraldine Acker, University of Illinois Extension foods specialist, explains that USDA graders consider flavor, texture, finish, appearance and color.

The Grade AA mark shows highest quality. Such cheese has a fine, highly pleasing Cheddar flavor, a smooth texture, uniform color and attractive appearance.

Grade A cheese is also of good quality, but flavor and texture variations may exist between packages.

Natural Cheddar cheese comes in three curing categories.

—Mild—cheese that is partly ripened or cured, usually for two to three months. It has a mild or slightly developed characteristic Cheddar flavor and firm body.

—Mellow-aged—cheese that has been moderately ripened, generally for 4 to 7 months. It has a fairly well developed Cheddar flavor and smooth, waxy body.

—Sharp—cheese that has been ripened for 8 to 12 months. It has full Cheddar flavor and smooth, waxy body.

Labels on all natural Cheddar cheese carrying the U. S. Grade mark must show the curing category, the name and address of the manufacturer, packer or distributor; and the net weight of the cheese.

All cheese bearing the U. S. Grade shield is manufactured and packaged by modern methods in plants inspected and approved by the USDA.

Corporation Charters Issued to Local Firms

Corporation charters have been issued to two local firms by Secretary of State Paul Powell.

One was for Supreme Appliance Inc., 2109 Johnson road, to own or operate a retail radio store, with 1000 common shares of non-par value stock. Officers are Lloyd W. Harlow, Georgia E. Harlow and Shirley J. Lybarger, and the correspondent is attorney Dale G. Hyle.

The other was for the AAtlas Track Construction Co. of Missouri with headquarters here at 1612 Lindell blvd. for a general railroad construction business.

Stated capital is \$40,000. The president is Firmin L. Horn of Crestwood, Mo., the secretary is Leslie J. Horn of Crestwood, local agent is James M. Henderson and the correspondent is attorney Ralph F. Curry of St. Louis.

AAtlas purchased part of the railroad track construction firm operated by A. H. Seebold, proprietor of the A. H. Seebold Truck Service & Excavating Co., who released his track installation operations because of the press of other construction business.

State Capitol NEWS

Highway Contracts

Award of highway contracts totaling more than \$5,800,000 for highway and related construction was announced last week. The contracts are for projects in five counties.

Plan New Youth Camp
Gov. Samuel H. Shapiro announced last week that the U. S. Air Force had informed him that Illinois is to receive an immediate right-of-entry to the Hanna City Air Force Station.

The governor said the property and buildings will be used by the Illinois Youth Commission.

The 40-acre camp near Peoria will be used as a rehabilitation camp for about 125 delinquent male youth. The youth will receive special education at the elementary level. Objective of the proposed program is to raise the youth's level of achievement so that he can return to his community for placement in an educational situation conducive to his continuing growth and development.

Invitation to Open House
The public is invited to see scientific research activities of the Water, Natural History and Geological Surveys in their Champaign-Urbana headquarters. The open house programs will be from 9 a.m. to noon, Saturday, Oct. 12. The Natural History and Geological Surveys are in the Natural Resources Building on the University of Illinois campus, Champaign. The Water Survey is located at 905 E. Springfield avenue, Champaign.

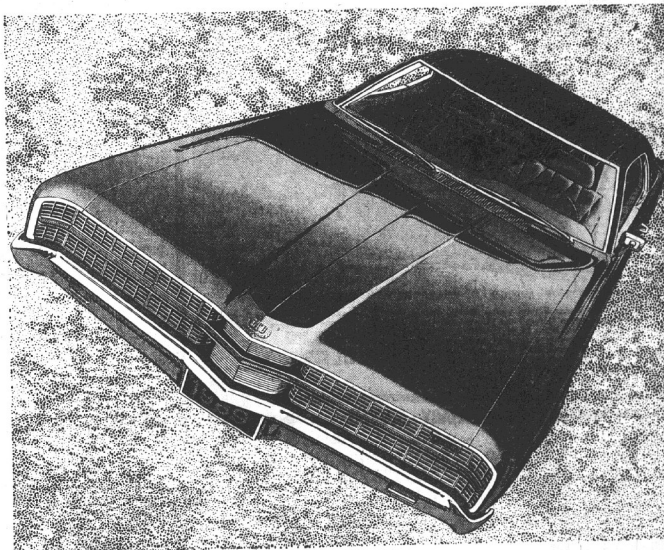

The open houses are planned to give the public an opportunity to see and hear about the research of the three state scientific surveys and to learn how that research serves the people of Illinois.

Special exhibits will present the work of the surveys, laboratories will be open for inspection and scientific equipment used in various phases of research will be on display. Members of the staff of each survey will explain their work and answer questions.

Hunting Licenses
Possession of a Firearm Owners Identification Card is necessary while hunting with firearms. However, display of the registration card is not necessary to purchase a hunting license, according to the Department of Conservation.

Conservation officials said apparently many sportsmen have not purchased their hunting licenses because they assumed that they would have to display the identification card.

Public Library with 25,205 Borrowers Shows Circulation of 388,567

By DONNA HOGAN

"How many books are housed in the Granite City public library, and the bookmobile? What is the total budget required to run the library efficiently?"

These questions could not be answered by the average citizen, and yet the library is an important institution to children in elementary school, junior high, senior high and college level age groups as well as many adults.

There are recorded 25,205 borrowers at the library and 565 from the bookmobile. There are 85,546 books available at the public library and bookmobile, with a circulation of 388,567 during the 1967-68 year.

Aided by the reference system at the library, any student has access to a wide variety of books and reference works, including magazines and periodicals. The library has in recent years acquired a photograph recording collection of 200 records, ranging from classical to popular music, spoken arts, and records to study by.

Wide Spread Connections

In June 1964, the Granite City public library joined the Lewis and Clark Library System, an inter-library loan system sponsored by the Illinois State Library and including seven counties in Illinois.

If a reader needs material that is not available at the local library, Mrs. Mary Gene Kufmke, librarian, can obtain the needed information quickly by going through the Lewis and Clark System or contacting the State Library in Springfield.

Library facilities are used in the summer months just as much as during the official school term.

As a comparison, in 1968 during the month of January there were 3000 requests for reference material, during May 4000 and in July, 3000. Eighty-five percent of this total involves student requests, with the remainder made up of club women, the general public and adults.

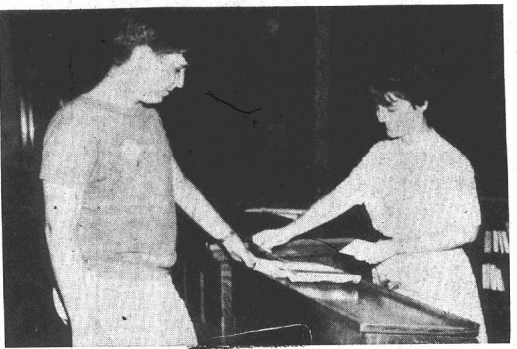

During the 1968 budget meeting of the library board, approval was given a budget of \$146,730 to be used for the year from April 30, 1968, to May 1, 1969. Of this amount there is set aside a sum each year to apply toward the purchase of a second bookmobile. When the complete amount of \$18,000 is reached, the purchase will be made.

Also included in the budget are wages of a staff of ten full-time employees and four college pages or part-time employees. Staffers are present at all times during the regular hours to assist the students and public.

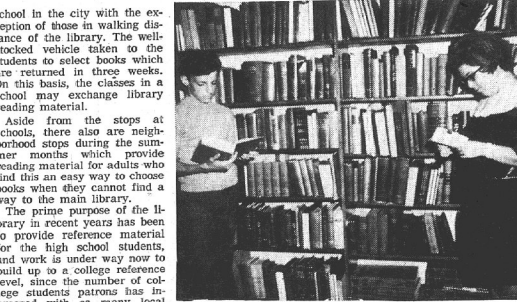

In addition, funds are budgeted to purchase most of the latest books, approximately 150 magazines for reading and reference and light fiction.

Bookmobile Services

The bookmobile's activities services includes visits to every

school in the city with the exception of those in walking distance of the library. The well-stocked vehicle taken to the students to select books which are returned in three weeks. On this basis, the classes in a school may exchange library reading material.

Aside from the stops at schools, there also are neighborhood stops during the summer months which provide reading material for adults who find this an easy way to choose books when they cannot find a way to the main library.

The prime purpose of the library in recent years has been to provide reference material for the high school students, and work is under way now to build up to a college reference level, since the number of college students patrons has increased with so many local residents attending the SIU-SW campus.

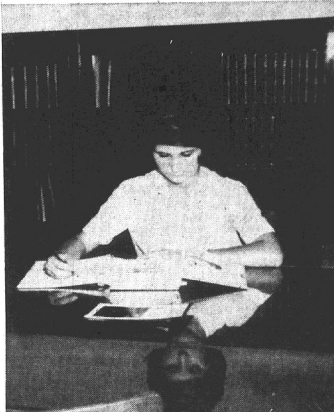

Circulation of reference material increased from 1966-67 to 1967-68 by 63,652 requests.

History Room

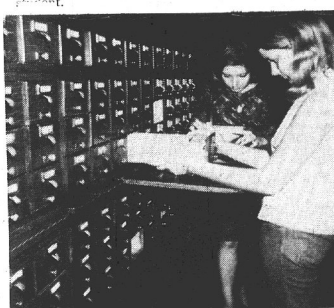

A juvenile department, has been moved to the auditorium leaving the entire first floor to the adult and young adult collections. There is also a carpeted and refurbished "History Room" to serve as a quiet study-reading room for the college students and adults or to be used by groups as a discussion area. It is on the balcony level.

The Library has in the past years held a "Story Hour" during the month of August for youngsters from the first to fourth grade.

Employees at the library conduct the programs for one hour, one day a week. They also have puppet shows and pantomime skills for entertainment as well as introducing the young people to books for reading. This summer the special hour was not held due to the

Press-Record's ... Yule Mail Call (Clip and Save)

Quad-City servicemen and women stationed around the world, whose names and addresses are being published in each issue of the Press-Record as a special pre-Christmas public service. It is suggested that readers clip-out and retain the lists as they appear. Local residents are invited to include the servicemen on their Christmas mailing list and send greeting cards, letters or packages, thereby helping to brighten the coming holiday season for military personnel who are away from their homes and families. Early mailing is recommended.

State Air Board Extends Time on GSI Control Plan

An extension of time for submitting an air pollution control program for its electric arc furnaces was granted General Steel Industries, Inc., of Granite City Monday in a meeting of the Illinois State Air Pollution Control Board at Springfield.

The action was among those taken by the board on control programs of 13 Illinois firms during its regular September meeting. The Illinois board has approved control programs for 483 processes in 136 companies for a total cost of more than \$45 million.

The board extended until next January the deadline for General Steel Industries to submit its control program.

Among programs approved at the meeting was that of Illinois Power Co. to burn natural gas at its Wood River station and to completely install by May, 1974, of electrostatic precipitators.

A program submitted by Shell Oil Co. at Wood River to replace coal with oil as boiler fuel by March 31, 1970, also was approved.

Variances relating to the board's regulations on open burning were granted Dow Chemical Co. of Madison, the board reported.

The board also reviewed progress toward the development of air quality goals and the conduct of a study of limitations on the sulfur content of coal.

The board's next meeting will be held Nov. 7 in Carbondale.

Chili Supper Friday At Salvation Army

Granite City PRESS-RECORD
Thurs., Oct. 3, 1968 Page 41

**MRS. RALPHA HOUSE-
MANN**, newly-appointed medical social worker, who will combine her efforts with St. Elizabeth Hospital and the Mental Health Clinic.

Social Worker Named To Hospital's Staff

Mrs. Ralph Houseman, a former Granite Cityan, has begun her duties in the Department of Social Services at St. Elizabeth Hospital. She held a similar position at Alton State Hospital and will share her time with the local hospital and the Mental Health Clinic.

The former Ralphs Echols, she and her parents, Mr. and Mrs. John Hickey, moved to Alton to make their home in 1957. Her stepfather formerly was employed as a printer at the Press-Record.

Using her knowledge and skills she will help patients recover their health to the maximum degree possible and readjust to their social and working environment.

Some of the functions performed by the social worker are for patients with home, marital or personal problems; patients who need help in following medical recommendations; those who resist surgery, hospitalization or evaluative procedures; patients and families who need help in understanding and adjusting to the patient's illness and its imposed limitations.

Assistance with living arrangements will be given to those whose physical condition necessitates change, assistance with financial problems, obtaining appliances or equipment, and referrals made for placement in special schools or institutions.

Two Hubcaps Stolen
